10,067 Votes Needed Today To Secure a City Hospital Worthy of Atlanta's Size

Every Man Who Fails to Cast Vote Will Be Voting Against the Bonds—Indifference the Only Enemy of Greater Institution.

SUCCESS AT THE POLLS PREDICTED BY VOTERS

Bond Boxes Will Be Placed as Near the County Election Boxes as Is Possible. Law Prevents Them Being in Same Room.

HERE ARE FACTS ABOUT GRADY BOND ISSUE.

The Grady bond issue provides for $750,000 to enlarge and improve the city hospital of Atlanta.

It is not a large bond issue for this purpose. Louisville, which is about the same size as Atlanta, recently spent one million dollars for a similar institution.

The interest and the principal on the Grady bonds will not come out of the city treasury. It will be met by the income of the pay wards of the hospital.

Atlanta has spent less per capita on her city hospital during the last five years than any other city of her size in the United States.

The present Grady hospital is too small to take care of the sick and injured of a city one-half Atlanta's population.

The Grady bond issue is to remedy this, once and for all.

It is to give Atlanta a hospital of which the city can be proud.

For several years the Grady hospital—Atlanta's only institution for sick people who cannot afford hospital expenses—has been turning away each day from five to twenty human beings in more or less desperate need of medical attention. The voters of Atlanta will decide today whether this is to continue or stop.

The bonds for a greater Grady require two-thirds of the entire registered vote. The registration this year is 15,093. For the bonds to pass, 10,067 of these votes must be for a greater Grady.

Every man who fails to vote will be voting against the bonds. The big enemy of a bond issue is not the votes which are cast, but the votes which are not cast. Every man who fails to vote will be voting for the conditions at the present Grady—conditions which necessitate the turning of sick people from the door.

Victory Is Predicted.

It was predicted last night at greater Grady headquarters that with the bonds would carry by a good majority. The prophecy was made on the basis of public sentiment. It is believed that public sentiment is unreservedly for a larger and better city hospital. The general committee is not losing sight, however, of the fact that not public sentiment, but votes, carry elections. The efforts of the bond workers will be concentrated today on getting out that two-thirds of the registration.

It is now about three weeks since the campaign for a greater Grady began in earnest. Never have the workers for a public improvement relied so much on the general knowledge of its need, and so little on the ordinary campaign methods. The Grady bond campaign has probably been the shortest in municipal history. Despite this, the general committee believes that the time has been sufficient to impress upon the city as a whole the conditions which anyone can see by going inside the hospital.

Here are some of the points which have been brought out:

That whites and blacks are treated together in the same outdoor clinic.

That the accommodations for both races are so insufficient that people must be turned away from the hospital every day.

That the lack of contagious disease wards for both races endangers the health of the entire city.

That there is no provision whatever for negro children, nor for negro women in confinement.

That the arrangement of the building and the nature of the structure, make the hospital the worst kind of a fire trap.

That the nurses are compelled to sleep in abandoned wards and linen closets.

That, with the exception of one building, the entire hospital is in a state of dilapidation and decay.

That, compared with other cities, Atlanta pays scarcely anything for the care of its sick and injured.

Conditions Are Shown.

These matters have been dwelt upon in every possible way since the beginning of the campaign. The effort has been to put before the city the conditions exactly as they exist. If every voter could have visited the hospital in person, there would not be a question about the result of the election today. There are no buildings there which are the campaigning in the world has not been able to describe—the squalidness, the lack of light, the falling ceilings, the splintered floors, the unventilated, smelly wards, the overcrowded patients. No one who has not visited the hospital can know the whole truth about it. But enough has been made public to give the city a working idea of what the present *Grady* is like.

If the public wants to change conditions, it can do so today. It can give Atlanta a hospital worthy of the city's name and dignity.

The law prevents the bond boxes from being in the same room with the

BITTER BATTLES TO BE DECIDED AT POLLS TODAY

Sheriff, Tax Collector, Tax Receiver and Three County Commissioners Will Be Named.

THREE CANDIDATES SEEK TO BE FULTON SHERIFF

City Clerk Walter Taylor and Secretary Cochran Have Completed All Arrangements for Election.

Following a campaign of more than three months—a campaign in which crept no little amount of bitterness among certain of the candidates—democrats of Fulton county will be casting their ballots today for a sheriff, tax collector, tax receiver and three county commissioners.

Voters of Atlanta, in addition to casting their ballots for county officers, will also cast their ballots to decide whether or not Grady hospital shall have a bond issue of $750,000 to carry out the muchly needed improvements and place it on a par with the finest institutions in the United States.

City Clerk Walter Taylor and Secretary Oscar Cochran, of the county executive committee, completed all the arrangements for the election Saturday. The polling places for the Grady bonds are located next to the county precincts.

Great Interest in Elections.

More interest is centered on the county election this year than in many years past. Lively contests are on between Sheriff C. Wheeler Mangum, incumbent; Captain W. M. Mayo, of the police department, and L. O. Wright, deputy city marshal. Each of the candidates has made strenuous campaigns throughout the county, and are confident, of course, of being elected. In the sheriff's race there was considerable feeling manifested between Captain Mayo, Sheriff Mangum and Mr. Wright. Attacks and counter attacks were made on each other through the newspapers.

It is expected that there will be a heavy vote on account of the interest. The total registration for the county is 17,276, of which 14,622 live within the limits of Atlanta.

In the election on the Grady bonds only voters registered in Atlanta are eligible to participate.

Candidates for Office.

For sheriff there are three candidates. C. Wheeler Mangum is running for re-election and is opposed by Captain W. M. Mayo, of the Atlanta police department, and L. O. Wright, deputy city marshal of Atlanta.

For tax collector there are two candidates. Andy P. Stewart is running for re-election and is opposed by Charles I. Branan.

For tax receiver there are three candidates. T. M. Armistead is running for re-election, and is opposed by W. H. Abbott and W. R. Wesley.

For clerk of the superior court, coroner and surveyor there are no contests, the incumbents running for re-election without opposition. They are, respectively, Arnold Broyles, Paul Donehoo and C. S. Robert.

For the two places on the board of county commissioners from the county-at-large there are seven candidates—Willis A. Weir, N. A. Chastain, George B. Findley, Dr. W. A. Gilbert, T. J. Hightower, Jr., James W. Madison and Frederick Paxon. The latter is one of the liveliest contests in the county. All of the candidates have made very active and thorough canvasses, and all hope to poll their full strength, which will further swell the grand total of votes cast.

For the place on the county board from the county district there are two candidates. Tull C. Waters, who is now a county commissioner from the county-at-large, is a candidate for the country place, and is opposed by Oscar Mills. This also is a spirited contest.

In all city wards and in East Point, College Park and Hapeville the polling places will open at 7 a. m. and close at 7 p. m. In the country precincts the polls will open at 8 a. m. and close at 5 p. m. These are the usual hours.

The location of the polling places in the various wards and country precincts is as follows:

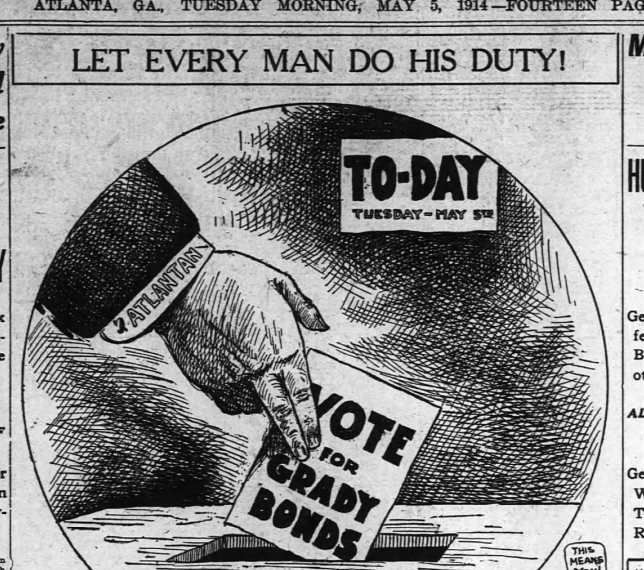
LET EVERY MAN DO HIS DUTY!



UNKNOWN STEAMER SWEPT BY FLAMES; NO SIGNS OF LIFE

The Steamer Seydlitz Sighted Vessel Blazing From Stem to Stern 300 Miles South of Cape Race.

Halifax, N. S., May 4.—An unknown steamer, on fire from stem to stern, and with no signs of life on board, was discovered 200 miles south of Cape Race today by the steamer Seydlitz, from Bremen for New York. Her position was given as latitude 41.27 north and longitude 51.07 west.

The Seydlitz immediately called by wireless for assistance and response came from a Francona, 50 miles to the eastward, bound for Boston, and the Olympic 200 miles to the west, headed for New York. The Seydlitz circled around the burning vessel, but the smoke hung so heavy about her that her name could not be distinguished.

As no small boats were discovered in the vicinity, and as the Olympic had passed not far from the scene twelve or fifteen hours before, it was believed here tonight that the unnamed vessel caught fire sometime after midnight, and that all hands were rescued by some ship which had no wireless.

The weather on the Grand Banks today was moderate, and it was thought that any transshipment could have been accomplished easily.

So far as learned tonight no steamer equipped with wireless reported herself in distress, although part of a wireless message picked up from some westbound liner last night stated that she was having boiler and engine troubles and was making slow progress into New York.

The position, as given by the Seydlitz, placed the burning steamer slightly nearer to Cape Race than to Sable Island, but the radio-station at Sable Island was the first to pick up the message.

COLE BLEASE DEFEATED IN COUNTY CONVENTIONS

Governor Loses in First Test of Strength With United States Senator Smith.

Columbia, S. C., May 4.—Supporters of E. D. Smith, United States senator from South Carolina, asserted tonight that the results in democratic conventions in the forty-four counties of South Carolina today indicated that the senator had won the first test of strength with Cole L. Blease, governor of South Carolina, who is opposing Senator Smith for re-election.

The county conventions today were for the purpose of selecting delegates to the democratic state convention here on May 26. The convention will formulate rules to govern the state-wide primary for the nomination of democratic candidates for the state offices and a candidate for United States senator.

Governor Blease failed of election as a delegate from Newberry county, his home. Senator Smith was elected a delegate from his home county, Lee. The exact strength of the supporters of Governor Blease and Senator Smith in the coming state convention could not be computed tonight. Senator Smith's supporters, however, said that they would have a good working majority. No statement was issued by Governor Blease's managers.

Primary reform was discussed in many of the county conventions and action is expected at the state meeting. Resolutions indorsing the administration of President Wilson, both as it concerns domestic and foreign affairs, were passed by many of the county conventions.

WILSON SELECTS BANKING BOARD

Olney Named for Governor. Other Selections Are Warburg, Wheeler, Harding and Miller.

BELIEVED THAT OLNEY WILL REFUSE THE POST

Boston, May 4.—No statement was forthcoming from Richard Olney tonight regarding his appointment as governor of the federal reserve board, but an intimate friend stated that there was little doubt that Mr. Olney would decline. Advanced years and business interests were believed to be factors entering into this decision.

Washington, May 4.—President Wilson tonight had selected the five men who, together with the secretary of the treasury, W. G. McAdoo, and the comptroller of the currency, John Skelton Williams, are to compose the federal reserve board.

All of those selected had not yet accepted, so formal announcement will not be made for another day or two. Four of the five men to whom the president has offered places are:

Richard Olney, of Boston, Mass., former secretary of state under President Cleveland, to be governor of the board.

Paul Moritz Warburg, of New York, member of the banking firm of Kuhn, Loeb & Co.

Harry A. Wheeler, of Chicago, vice president of Union Trust company, of Chicago, and former president and organizer of United States Chamber of Commerce.

W. P. G. Harding, of Birmingham, Ala., president of the First National Bank of Birmingham, and one of the leading bankers of the south.

The fifth member is from the Pacific coast, and is Dr. A. C. Miller, of San Francisco.

Dr. Miller's selection was not confirmed until late tonight, although the names of the other four were known throughout the day. Dr. Miller is 48 years old, holds a professorship in finance in the University of California. He has degrees from Harvard and the Universities of Paris and Munich, has taught economics and finance at the University of California, Cornell and the University of Chicago, and is the author of several publications on finance. Since coming to Washington he has been an intimate advisor of Secretaries McAdoo and Houston, of the organization committee of the federal reserve board.

Secretary Houston was one of the men whom the president wanted to place on the board, but he did not wish to make any changes in his cabinet.

Board to Start System.

The nominations will be sent to the senate in a few days. As yet Messrs. Olney and Harding have not indicated whether or not they would accept.

Upon the new board will devolve the task of setting in motion the banking system of the country through the twelve regional reserve banks now being selected. They also will constitute the governing board, which is given wide powers to regulate the twelve banks and issue currency. The president had told his friends that he regarded the membership of the board equally as important as that of the supreme court of the United States.

The president is very anxious that Mr. Olney accept, and had a personal representative in Boston today urging him to do so. The impression among many persons here, however, was that Mr. Olney would decline, as he did the ambassadorship to Great Britain, on account of his age.

Should Mr. Olney decline, it is believed Mr. Harding or Mr. Warburg will be chosen to head the board, but this will not be determined until definite word comes from the first choice.

Persons close to the president confirmed the names of the first four men above mentioned and discussed freely the principles which had guided the

RETURN OF NEGRESS ORDERED BY JUDGE MONDAY MORNING

If Anna Maud Carter Is Not in Atlanta Within Five Days Her Evidence Will Not Be Considered.

Judge Ben Hill demanded of Leo Frank's defense yesterday afternoon that Anna Maud Carter, the negro witness, be returned to the jurisdiction of the court within five days.

He declared that if she were not brought back to Atlanta within that time he would decline to consider her evidence or any evidence in which she was involved.

"Detective Burns admitted before me," said Judge Hill, "that he had sent Anna Maud Carter from the jurisdiction of the court. I want an order drawn commanding Anna Maud Carter to be returned to Atlanta in five days or I will not consider any of the evidence in which she is concerned."

A few minutes later Judge Hill supplemented his statement with these words:

"In making this demand I do not mean to reflect on the counsel for Frank. It was testified before me that Detective Burns had removed the Carter woman."

Will Bring Woman Back.

It is said that immediate efforts will be made to bring the missing woman back to Atlanta. She is now in New Orleans, where, according to a letter she recently wrote relatives in this city, she is working with the William J. Burns detective agency. This letter was read to Judge Hill by Solicitor Dorsey Monday afternoon.

Anna Maud Carter is the negress who accuses Jim Conley of having confessed to her the murder of Mary Phagan. A literal mountain of evidence was introduced by the solicitor Monday to show that she had conspired with George and Jimmy Wrenn in Fulton jail, to frame up on Conley. Other testimony was adduced to show that she had told friends and relatives upon being released from jail that she had tried to "pick" Conley, and that he had firmly maintained that Leo Frank was the murderer.

Regarding the Carter woman, Attorney Arnold was asked by a reporter for The Constitution if lawyers for Frank or the Burns agency would seek to bring the woman back to the city. Mr. Arnold smiled in reply, saying that he did not know as yet.

A surprising new phase of evidence that arose Monday was an affidavit from Mrs. Hattie Waites, the young wife of J. M. Waites, who swears that on the morning of the day Mary Phagan was slain, she saw Leo Frank

MEDIATORS BAR CARRANZA; DEAL WITH GEN. HUERTA AND THE UNITED STATES

HUERTA TOTTERS TO BLOODY FALL; ARMY TO REVOLT

Gen. Velasco, Recently Defeated at Torreon, Said to Be Preparing to Head Another Military Revolution.

ALL ARMY OFFICERS ARE SORE ON HUERTA

Gen. Velasco Declares He Will Never Again Lead Troops Against the Rebels. Refugees at Vera Cruz.

HUERTA AND BLANQUET ARE DOOMED TO DEATH

Vera Cruz, May 4.—A proclamation, dated May 1, and signed by Zapata, published today in the local Mexican papers, announces that the southern rebels on May 5 will attack Mexico City. It also condemns General Huerta and General Aureliano Blanquet to death.

Zapata's proclamation is regarded as disposing of reports that he and Huerta were working together and that Zapata was moving on Vera Cruz with this followers.

May 5, when Zapata says he will attack Mexico City, is the anniversary of the Mexican victory over the French, and usually is celebrated as a national holiday.

Vera Cruz, May 4.—The outbreak of another military revolt in Mexico, headed by General Jose Refugio Velasco, who recently was driven out of Torreon by Francisco Villa, would not cause any great surprise in the federal capital, according to conservative observers among the refugees who arrived here today.

General Velasco is said to be grievously discontented because of the failure of the government in Mexico City to support him properly in the defense of Torreon, and he is declared to have stated that he would never again lead a column of troops against the rebels.

The fall of Torreon and the subsequent disaster to the federal troops are asserted by General Velasco to have been entirely due to the failure of the department to heed his request for small arm ammunition at a time when he said it was perfectly feasible for it to reach him. It is asserted that there is much plotting among the federal army officers, many of whom are declared to be dissatisfied with General Huerta and his conduct of military affairs.

Generals Were Cowards.

General Javier de Moure and General Carlos Garcia Hidalgo, who were sent to the relief of General Velasco, at Torreon, are reported to have been found by General Velasco hiding under freight cars during the heavy fighting at San Pedro de las Colonias, after the fall of Torreon, and to have refused to go to the front in their cowardice. Another officer who reported that his station had been captured was shot dead by General Velasco when he learned that the position had been abandoned without sufficient cause.

Another officer who was charged with cowardice in the face of the enemy committed suicide while General Velasco was rebuking him.

In spite of other difficulties, General Velasco declared he could have won the battle at Torreon if the war department had not failed to keep him supplied with ammunition. Of the 6,000 troops with which he started out, General Velasco succeeded in reaching Saltillo with 1,200. May had deserted, but his casualties had been great. All together, he says, he withstood six attacks.

Zapata General Joins Huerta.

General Nevevo de Lao, the most important of Emiliano Zapata's officers, has according to refugees, cast his lot with General Huerta. With 1,000 of his men he has taken up quarters in the federal barracks at Cuernavaca. Zapata himself is believed to be holding out until General Villa's forces capture Tampico.

Interest in Mexico City over the occupation by the Americans of Vera Cruz has caused many of the better class of the population to enlist in the regular army. On the first day 5,000 are said to have been enrolled. Among them were six members of the Jockey Club, long had been cricitised by the native press for their apathy regarding the progress of the revolution. It is estimated that 20,000 could be soon abated when it was found some of those enrolled had been sent north to fight against Villa, while the government withheld arms from all except those sent against the rebels.

Refugees spoke today in complimentary terms regarding the conduct of Eduardo Iturbide, governor of the federal district, who has been untiring in his efforts to secure the safety of Americans. During the exciting days when mobs were marching through the streets of the capital, he at various times held the crowds in check when they appeared on the point of attacking Americans. On one occasion he opposed his authority against that of Jose Maria Lozano, minister of public instruction, who was leading a mob.

Tomorrow's train from the capital to Puerto Mexico will, according to refugees, carry 170 Americans from Guanajuata and 90 from Aguas Calientes. They say there are still 90 or 100 Americans in the country at other points in the interior, but that no one position is being made to their depart-

HUERTA NAMES AGENTS TO MEET MEDIATORS

United States Has Not Yet Named Representative. Reported That the Mediators Will Deal Only With the Tampico Incident.

Washington, May 4.—General Carranza and the constitutionalists today were practically eliminated from the proceedings of the three South American envoys who have undertaken to solve the Mexican problem by diplomacy. In a telegram to General Carranza, the mediators announced that, in view of his refusal to agree to an armistice with General Huerta, they withdrew their invitation to him to send a personal representative to participate in the mediation negotiations.

The mediators told the constitutionalist leader that as long as he maintained his present attitude they must decline to treat with him. General Carranza had inquired in a note to the envoys what subjects a special representative might be required to discuss, pointing out that if the general problem of pacifying Mexico were to be approached he could not authorize any one to participate in the negotiations. He reiterated that he would consent to mediation only on the incidents which had brought on a controversy "between the United States and Mexico," holding that he was the constitutional leader chosen, to whom complaint about the insult at Tampico and other offenses originally should have been made.

CARRANZA AGENT TO BE BARRED.

In their telegram tonight the mediators quoted Carranza's last note to them, adding that as long as he maintained that attitude they must decline to receive a representative from him, as they could not separate the incidents at Tampico and elsewhere, which had brought about friction between Mexico and the United States, from the general subject of pacifying Mexico.

Earlier in the day it became known that, in view of the unyielding attitude of the constitutionalists, mediation virtually would be limited to the arrest of American gunmen at Tampico and other offenses which had brought the Huerta government and the United States to the verge of war.

Suggestions that General Carranza might change his attitude after he took Saltillo brought no comment from local representatives of the constitutionalists.

The language of the telegram sent by the mediators leaves open to Carranza, however, the privilege of sending a special representative to participate in peace negotiations whenever he is willing to arrange an armistice with Huerta.

This turn in events ended, in the view of many officials, the chance of solving the entire Mexican problem immediately, though it did not lessen the enthusiasm of the mediators, who will continue their efforts to solve the differences between Huerta and the United States, which diversity brought about the present crisis.

SITUATION SOMEWHAT TENSE.

C. F. von HERRMANN, Section Director.

in the diplomatic and the military situations. The South American mediators held three lengthy sessions during the night, stalling through Secretary Bryan that General Huerta had named de Mille Rabasa, an eminent Mexican jurist, and Augustine Garza, under-secretary of justice, as two of his deiegates to confer with the mediators. Mr. Bryan did not reply to the mediators as to the appointment of American delegates.

The length of the envoy's conference with Secretary Bryan led to the belief that something more was discussed than the mere matter of names of delegates, and that some of the crucial questions were being approached.

Reports of the desperate condition of Huerta at Mexico City continued to circulate, and with such circumstantial detail from authentic sources as to leave no doubt of his critical condition.

At the same time the military aspect of the situation again became increasingly prominent. General Funston reported renewed demands by Mexican federal outposts for the surrender of the waterworks supplying Vera Cruz. No shots were fired, and the Mexicans fell back, but General Funston voiced the prevailing spirit in military quarters in inquiring as to what steps the United States contemplated in view of the threatening situation.

Secretary Garrison conferred with his military chiefs, but said no further orders had been given for the movement of troops and none are contemplated during the mediation.

The Fourth of Sixth brigade of the Second division of the army with headquarters at Texas City, is ready and could board the four transports, due back at Galveston today if more troops are needed.

HUERTA'S SITUATION GROWS DESPERATE.

Word that Huerta is in desperate straits came from many quarters. One dispatch from a foreign minister at Mexico City said briefly of Huerta: "Position desperate, but have no details."

Another, through diplomatic channels reported Mexico City outwardly quiet today. Still another referred to the doubtful attitude of the troops heretofore loyal to Huerta. Information also came that the quarrels between General Blanquet, minister of war, and Huerta, might give Blanquet to the front in case of Huerta's death, much as Huerta rose after the collapse of the Madero regime and the Felix Diaz movement.

The British minister at Mexico City notified the state department that Americans there were in no way harassed or in danger, but that he advised them to remain in close quarters, and avoid demonstrations until they could leave.

This situation at Mexico gave added importance to the summoning of Joaquin D. Casasus from Carlsbad. It was believed that his real post was to be minister of foreign affairs at Mexico City, to take the place of Rojas. The minister of foreign affairs is in direct line for the president under the Mexican constitution, so that this would bring the succession of a man regarded as particularly strong in case Huerta disappeared from the scene. Casasus was formerly Mexican ambassador at Washington, and those who know him well, including some of the mediators, spoke in high terms of his fitness for the foreign ministry and the presidential succession at this juncture.

EFFORTS LIMITED TO TAMPICO INCIDENT.

The understanding that the mediators would limit their efforts for the time being to the settlement of the Tampico incident, which is responsible for the Americans being at Vera Cruz, have practically given up hope of interesting the constitutionalists at this stage, but also had determined to postpone consideration of any definite plans for settling the disputs between Huerta and the United States. By this procedure the mediators would avoid the problems of a quasi-recognition of Huerta or of the elimination of the Mexican dictator and conditions precedent to mediation which diplomatic skeptics were earlier sure would wreck the negotiations at the very outset.

A simpler problem, that of the degree and nature of the amends to be offered by Huerta for the conduct of his generals and subordinates at Tampico and Vera Cruz, would be for mediators to solve, and success in this preliminary effort would contribute greatly to the chances of working out a general settlement of the Mexican embroglio.

The mediators held three long sessions during the day and reported that they were moving ahead steadily. They expressed satisfaction with the class of men chosen by Huerta as his delegates to confer with them. The appointment of Rabasa brings a big man into the proceedings. He is about 60 years old, a lawyer, and one of the foremost authorities on international law in Mexico. He is one of the closest advisors of General Huerta and it has been said in Mexico that he was in the combination with Huerta and Felix Diaz, which disposed of the Madero government. The other Huerta delegate, Senor Garza, is a young lawyer, secretary to the vice president under Porfirio Diaz.

RODRIGUEZ NAMED INSTEAD OF GARZA.

Tonight the mediators learned through press dispatches from Mexico City that General Huerta had appointed Agustin Rodriguez instead of Augustin Garza, as one of his representatives in the peace negotiations, and that the third member would be Luis Elguero. They said that these men, like Senor Rabasa, were distinguished Mexicans, and expressed gratification at their selection. Senor Elguero is a prominent lawyer, a member of cientifico party and connected with the Bank of London and Mexico.

It was learned that, although the Huerta representatives are leaving for Montreal, the sessions of the mediators will not be held there. It was suggested that some other point in Canada might be chosen.

Perkerson and Frank Reeves Lied, Asserts George Wrenn

Dr. George Wrenn, the young medical student and former inmate of the Fulton jail, who has been accused by affidavit-makers on the Frank case, telephoned The Constitution office last night and branded as a "damnable lie" the charge of Frank Reeves and Fred Perkerson that he had conspired against Jim Conley.

"This Perkerson and Frank Reeves have lied. They apparently are doing it to shield themselves. It was Reeves and Perkerson who carried the notes from Jim Conley to Maud Carter. They were the most popular note carriers of the prison.

"I seldom thought of Jim Conley, much less sought to 'frame-up' on him. I went to Frank's cell, it is true, but I went there in the capacity of hospital interne and to borrow papers from him. I also carried to the papers numerous times, and carried him other things.

"Jim Conley never interested me. Certainly, if I had conspired against him I'd have been foolish to take two ignorant negroes into my confidence. And as to the affidavit I tried to get Reeves to sign, I merely wanted him to put in writing the statement that he made to me that he had carried the notes from Conley to the Carter woman.

"He told me freely and frankly that he had borne the notes, and offered to sign the paper. He would have signed it, too, if it had not been for the appearance of Detective Bass Rosser at the time. Rosser must have prevailed on him in some manner to not sign them, as he never would after Rosser's appearance."

Wrenn was asked by a reporter if he had been employed by Frank's defense to assist in gathering newly discovered evidence, as it was brought out before Judge Ben Hill that he had been connected with his brother, Jimmie Wrenn, in certain angles of the evidence in the retrial motion.

MEXIC WOMAN ARRESTED FOR "SNIPING" JACKIES

Vera Cruz, May 4.—A woman said to have killed eight bluejackets and marines by sniping them in the streets during the first days of the American occupation, tonight was given into the custody of the military authorities. A Mexican had informed army officials of her whereabouts, upon which her house was searched and a quantity of arms found. She will be tried by a military court tomorrow on charges of murder.

AT THE THEATERS

Keith Vaudeville.

(At the Forsyth.)

It is an unalloyed pleasure to be able to write pleasant things about a show without one word of criticism—not even a little "if" or "but" to mar the effect of the whole.

This is the case with the show offered Atlanta vaudeville patrons by Manager Hugh Cardoza at the Forsyth this week. It is a winner from start to finish—one of those performances which make you feel that it's good to be living; one that makes you forget all your troubles and your worries for the nonce; one that is a surer tonic for the ills of the flesh than all the medicine the doctors could offer.

It has been Atlanta's experience that the big acts failed to give proportionate satisfaction. This is not true this week. The biggest act is probably the best. In "The Trained Nurses" lovers of variety are offered everything that their hearts could crave.

There are pretty girls, almost a plot, clever people and at least three good singers. It would be mighty hard to find a girl and a boy who could give more satisfaction in singing than Henry Bergman as Sammy Sloan, "the patient," and Gladys Clarie as Susan Gray, "the new nurse, whose business it is to make all the rich patients fall in love with her," whose songs are tuneful and catchy.

Certainly next in merit to this act and perhaps on an equality—folks differ in opinion, you know—is the line of chatter presented by Milt Collins, who bills himself as "The Speaker of the House." When he gets through telling you about Mexico and Theodore Roosevelt, and race suicide, and mixed juries, and other things, you feel that you have used up all the laughs that were ever in you.

The three Rendas, in their original aerial teeth performance, held the attention of the crowd throughout. McCrea and Burns have a neat sharpshooting act. Ford Warren and Effie Conley won friends in their number. Jimmie Lucas was a scream in a clever lot of nonsense. The Five Musical Gormans have a classy musical offering.

ROBERT MORAN.

"Look Who's Here."

(At the Grand.)

That's a good show they've got up at the Grand this week—one of those girly-girl musical comedies with situations complications and more and less music and singing and a good female impersonator. They call it: "Look Who's Here!"

There are two good situations in it. In the first act—there are only two—William Frisker's sister-in-law, who is in the fashionable neighborhood of 35 or 40 and unmarried (you can guess the terrible rest) has her brother's cough tonic, which is an undigested Scotch highball of undisputed strength.

Being a spinster—or, bachelor girl, as she'd "em like to call it—she's opposed to drink to the extent of never having taken one before, she naturally becomes hilariously "stewed." She falls in love with every lovable thing in the premises—chiefly her brother's cough tonic—and the ingenius moves of the sundry and varied objects of her devotions to escape them prove quite laughable material.

In the second act the female impersonator, Hal Johnson, by the way, who is the star of the cast, impersonates a popular actress who comes to the summer resort, and, about to be caught by the p. a., ducks behind a broken mirror, where he is forced to pose as the actress admires herself in the broken space that was once a mirror. The stunt is not a new one, by any means, but it evidently wasn't second-handed to last night's house, as the audience verged on hysterics over it.

Miss Jackie Tallman, as Sally Gray, is refreshing. She is the principal songster of the outfit, and her singing and dancing made a most instantaneous hit. She is supported by a small but full chorus, which has been well-trained and which can sing more than usually good for small chorus of its class.

"Look Who's Here" will be at the Grand until Thursday. Three shows a day, at 10 and 20 cents.

BRITT CRAIG.

"Heir to the Hoorah."

(At the Lyric.)

Rough in spots, but with every indication that the wrinkles will be smoothed over, Paul Armstrong's cheering play, "The Heir to the Hoorah," was given an admirable first night presentation at the Lyric last night.

Much of the play depends entirely on the rich vein of comedy which flows through the four acts, and a great deal upon the character portrayals. In the latter respect Miss LaVerne's players are to lofty heights, particularly Forbes Aylmer, who, without doubt, gave Atlanta theatergoers a most finished, sincere and altogether finished bits of character acting in the part of Morrie, the English butler. In mannerisms, Mr. Aylmer was excellent, and he excelled in dialect.

Another masterful interpretation was furnished by James A. Marcus, as the rough mine owner, Dave Lacey. Robert Middleton did not seem to grasp his part with that same dash and earnestness which has made his work stand out so prominently. He stumbled over his lines frequently. And several others in the cast fell into the same error.

Miss LaVerne was splendid, as usual. She displayed the same careful treatment of her rather difficult role. Miss Chaffee was very good; in fact, her work as Mrs. Lacey will long be remembered. Miss Haskell simply reveled in her part as haughty Mrs. Kent. The other members of the company were very good.

"The Heir to the Hoorah" is elaborately staged, and when the rough spots above referred to are smoothed over it will prove a treat to theatergoers.

The usual Monday night crowd really and truly enjoyed the play.

NIGHTLY DEATH THREAT FOR AMERICAN CONSUL

Vera Cruz, May 4.—News reached here today that John R. Silliman, acting American consul at San Luis Potosi, has been a prisoner in the hands of General Joaquin Maas, the federal commander, for eleven days and has been threatened every night with execution.

The information about Mr. Silliman's predicament was brought here by two newspaper correspondents who had come to Mexico City at the invitation of Provisional President Huerta. They went to the north to watch the field operations of the federals and after they witnessed the defeat of the federals at San Pedro were taken back to San Luis Potosi and imprisoned, but afterwards were released.

There is always a time in peace as well as in the time of war, that it takes manhood to do your duty for your country's sake. Vote for Charles I. Branan for tax collector, thereby saying the office of tax collector belongs to the people and not to A. P. Stewart, who defied the will of the people.

We placed before him four different methods

Nearly a year ago the secretary of a Title and Guarantee Company in a big southern city called at our New York salesroom. He wanted to find the method best adapted to the filing of card records.

We placed before him four different methods, not all of them our own. He tested them for speed, simplicity and practicability. With this result: He found that the Automatic Index was quickest, simplest, freest from error. He also found—and this is the feature that should appeal to you—that in a few minutes time the finding of a card becomes almost mechanical.

Naturally, we got the order.

Nothing would please us more than to have you do what the Title man did—investigate, compare, decide. Count motions, *use a stop watch*, make any test you please.

Hundreds of business houses have adopted the "Automatic Index." Their names? Ask us. We'll be glad to tell you.

2 KILLED, 1 SHOT BY PISTOL-TOTERS

After Agreeing to Settle Difficulty With Fists, the Worsted Man Kills Friend With Revolver.

Pistol toters played prominent parts in three Georgia tragedies reported yesterday.

Two men living near Moultrie agreed to settle a difficulty with their fists, but one of them being worsted, it is stated, rushed for his revolver and shot dead his neighbor and former friend.

Following a cousin who was killed a year ago in a feud, Will Teal, a prominent citizen of Harris county, died after being shot down on the highway. Before dying he accused two brothers of another family of doing the shooting.

In Grady county a prominent farmer named William Spence was shot by his companion in a buggy. He escaped with his life, as bystanders prevented further shooting.

DEATH ENDS FIGHT OVER 30 CENTS.

Moultrie, Ga., May 4.—Special.)—A sad tragedy was enacted 15 miles west of this city yesterday afternoon, when Brantley Timmons was shot to death by Jesse Holland, his neighbor and lifelong friend.

The two men fell out Saturday over 30 cents' worth of shingles and were prevented from fighting then by mutual friends.

Reports say that Holland went to the home of Timmons Sunday about noon and endeavored to renew the difficulty, but was finally persuaded to leave. In the afternoon he was driving along the road in a buggy with two friends and met Timmons riding a bicycle, and jumping from his buggy stopped Timmons and told him he proposed to have it out with him. Timmons told him he did not want any trouble, but if he had to scrap he would fight him a fair fight and have it over with.

They engaged in a fist fight and Holland got the worst of it, and after being separated the two men fought again with the same result.

When they got up from the ground Timmons proposed that they shake hands and be friends, and they did. Holland then went to his buggy, and getting his pistol said: "Now, d— you, I will fix you," and immediately opened fire. Timmons fell to the ground and Holland, stooping over him, emptied his pistol into the prostrate body of his friend. Timmons died a few hours later.

Both were married men with families and both belonged to well-to-do and prosperous families.

Holland has not been captured, though Sheriff Boyd and his deputies have scoured the country for him.

SHOT ON HIGHWAY, HARRIS MAN DIES.

Columbus, Ga., May 4.—(Special.)—Will Teal, a well-known citizen of Harris county, was shot while on the public highway 8 miles west of Chipley yesterday at noon and died last night from the wounds. A report from Chipley says that before he died he stated that he was shot by two brothers.

No warrants have been issued and no arrests had been made late this afternoon. Teal was shot in six places and his horse was also wounded by a bullet. It is reported that his shooting is the result of a feud. Last year his cousin, Mans Teal, was also shot and killed.

INVITED TO RIDE, SHOT BY COMPANION.

Pelham, Ga., May 4.—(Special.)—Will Spence, a prominent farmer living in the edge of Grady county about 7 miles west of Pelham, had a narrow escape late yesterday afternoon, when Mack McCoy, a former hall cropper, pulled a pistol and fired on him. McCoy went to the home of Spence, it is said, and asked him to get in his buggy with him and ride to a church near by. Spence did so and when they reached the church and Spence got out of the buggy McCoy drew his gun and fired the shot, narrowly missing Spence. He was prevented from firing again by bystanders.

A warrant has been sworn out for McCoy, but it is not known whether he has yet been apprehended or not.

MERCHANTS OFFER $500 FOR SLAYER

Storekeepers Determined to Secure Arrest and Conviction of the Slayer of Harry Wolfe.

The sum of $500 has been pledged by Atlanta merchants leading to the capture and conviction of the negro highwayman who entered the store of Harry Wolfe, at 276 Chapel street, Saturday night and shot him to death when he refused to hand over his money.

The sum was given by merchants and personal friends of Wolfe, who declare that an end must be put to the continuous burglaries and holdups of storekeepers by negro highwaymen in the city. Morris Litchenstein was named treasurer.

The police have secured a few clews as to the identity of the masked bandit who killed Wolfe, and are working on the case day and night in hope of locating the murderer.

27 AUTOS ARE ENTERED FOR ANNUAL HILL CLIMB

Number of Entrants Will Make Event Greatest in This Section.

At the meeting of the hill climb committee of the Atlanta Automobile and Accessory association, held yesterday, it was shown that when entries closed for the third annual hill climb, to be held May 9, on Stewart avenue, there were twenty-seven bona fide entrants paid in. This in itself will make this the greatest hill climb ever pulled off in this section of the country, if not in the entire United States.

Entries are as follows:

Event No. 1—160 cu. in. piston displacement and under:
Studebaker "20," E. H. Odom; Studebaker "20," C. C. Rooney; Oakland, George W. Hansom.

Event No. 2—161 to 230 cu. in.:
Metz "22," R. W. Billups, Walkinsville, Ga.; Buick, H. A. Smith, Jr., Knoxville, Tenn.; Ford, Dr. F. S. Abbott; Studebaker "20," M. B. Frost; Studebaker "20," Studebaker Corp.; Chalmers "30," M. B. and H. S. Moss.

Event No. 3—230 to 300 cu. in.:
Pope-Hartford, L. S. Crane; Overland, W. S. Hector; Stearns, K. J. McKinstry; Velie, Velie Motor Vehicle company.

Event No. 4—301 to 450 cu. in.:
Case, George M. Ruddy; Pope-Hartford, L. S. Crane; National, Bruce McKerrall.

Event No. 6—Free-for-all:
Studebaker, M. B. Frost; Metz, R. W. Billups; Marmon, Dr. Frank Edmondson; Studebaker, Studebaker Corp.; Case, George M. Ruddy; Studebaker, E. H. Odom; Ford, R. S. Abbott; Pope-Hartford, L. S. Crane; Studebaker, C. C. Rooney; National, Bruce McKerrall; Chalmers, M. B. and H. S. Moss.

Most of the above were out on Stewart avenue Monday morning practicing, as the road is open for practice every morning this week from 9 until 11 o'clock. And this is not all. There are still some post entries that will be in before the day of the climb, May 9, and their paying double entry fees will not keep them out. The people of Atlanta hardly realize that this city is one of the only three cities in the United States that holds hill climbs regularly each year, and there has never been any of these hill climbs that could boast of such a long list of entries as the above.

HOUSE DETECTIVE AT ANSLEY HOTEL RECOVERS DIAMOND

Harry Sapphire, special house detective of the Hotel Ansley, aided by Sada Wilson, a maid, who played the role of a detective, recovered a valuable diamond that had been stolen from a guest's room at the hotel about two weeks ago. The diamond belonged to E. F. Geiselman, a salesman for the John Deere Plow company, of St. Louis. It was recovered Saturday, being found at 22 Carnegie way.

As a result Miss Dorothea Roth, 20 years old, of 22 Carnegie way, was bound over Monday afternoon by Judge Preston, of police court, under a $500 bond for larceny and for a statutory charge. A sweetheart of the young lady's, named Thomas B. Squire, 28, of 87 Hendrix avenue, was implicated in the charges, and he was bound over under $300 bond for a statutory offense.

Miss Roth had been a maid at the Ansley and she claimed that she found the diamond in some trash.

MOCKINGBIRDS PREVENT STORE FROM BURNING UP

Columbus, Ga., May 4.—(Special.)—The chirping of mockingbirds probably prevented a heavy fire loss at the Methuin hardware store at an early morning hour.

A policeman's attention was attracted by the unusual cries of the birds some time before daybreak, and going up an alley to investigate, found himself in a haze of smoke, which had disturbed the birds.

The fire was in a storage house in the rear of the store. The fire department arrived quickly, but considerable damage to the stock was done by smoke and water.

Do the people of Fulton county want to turn the county jail over to the police department? Well, hardly.

CASE AGAINST WATSON WILL AGAIN BE HEARD

Witnesses Summoned to Appear Before Federal Grand Jury in Augusta.

Macon, Ga., May 4.—(Special.)—United States District Attorney Alexander Akerman has issued subpoenas for the witnesses who testified at a former United States grand jury hearing when Thomas E. Watson, the editor and politician of McDuffie county, was indicted on the charge of sending obscene matter through the mails in connection with his fight on the Catholic church, summoning them to appear again at Augusta on May 12.

The district attorney will bring the matter before the grand jury again and endeavor to have Mr. Watson indicted again. The previous indictment was quashed because it was defective. Mr. Watson conducted his own defense at that time.

The objectionable matter which it is alleged Mr. Watson circulated was what he claimed to be a reprint of questions charged by him that Catholic priests asked of women in the confessional. The questions were printed in Latin but were translated for District Attorney Akerman by a professor at Mercer university.

Should an indictment be found the case would not be heard at the coming term of court in Augusta.

VOTE TODAY FOR ATLANTA.

Atlanta has the right to demand today that every registered voter shall do his duty at the polls with regard to Greater Grady hospital.

On the surface, the question is, Shall Atlanta authorize the issuance of $750,000 bonds for the standardizing of her one municipal hospital?

The real question is—

Shall Atlanta vote for or against the disease and death rates?

A vote for Greater Grady is a vote against the disease and the death rate!

A vote against Greater Grady, or the apathy that keeps you away from the polls is a vote on the side of the disease and death rates.

That is the naked significance of today's election.

The doctors, your family doctor, who safeguard life and health, are for Greater Grady.

Real estate men, large property owners, who would theoretically be most affected by a bond issue, are for Greater Grady.

Organized labor is for Greater Grady.

The mothers, the wives, the women generally of Atlanta, represented by the City Federation of Women's clubs, are for Greater Grady.

Your minister, of whatever creed, is for Greater Grady.

Civic organizations, to whose support you subscribe that they may scientifically and economically administer your philanthropies, are for Greater Grady.

Representative negroes, realizing that the germ knows no color line, are for Greater Grady.

The $750,000 bond issue will be taken care of by income from the pay wards of the enlarged institution. A commission of citizens is to supervise expenditure.

In a crisis in the city's welfare Atlanta expects that every citizen with a penny's stake in this town and its health shall vote for Greater Grady!

PRESIDENT WORSHAM.

The election of E. Lee Worsham, Georgia's state entomologist, as ad interim president of the National Conservation congress is a remarkable tribute to Mr. Worsham personally as well as to Georgia and the south. Mr. Worsham succeeds Charles Lathrop Pack, who was elected at the recent annual meeting in November, but who recently tendered his resignation to the executive committee because of business reasons. Mr. Worsham was at once elected by the committee. His election is not surprising, since at the November meeting numbers of delegates had begged him to authorize the use of his name as a candidate for president.

Mr. Worsham is the youngest man who has ever held the important position to which he is now elevated. That fact is a testimonial to his scientific ability, to his enthusiasm and to his personal popularity. As president of the National Conservation congress he will have the direction of what is perhaps the most influential unofficial body working in this country in all branches of conservation.

As state entomologist Lee Worsham has done signally effective work in Georgia in curbing foes to fruit, crops and vegetation generally. More especially has his energy been directed toward attacks on the San Jose scale, affecting the peach, toward checking black root in cotton and giving pressure and intelligent sweep to the preliminary campaigns against the boll weevil.

The election of Mr. Worsham heightens Atlanta's chances for securing the annual convention next fall of the National Conservation congress. The executive committee, of which he long has been a member, will now be more than ever inclined to honor the city of its president by designating it as the place for the convention, which is already scheduled to be held this year in the south.

BUSINESS IN THE PILLORY.

No sound-thinking American is anxious to believe that the interstate commerce commission has deliberate intention to throttle business in this country.

Yet that is fast becoming the actual effect of its unnecessary procrastination in handing down a verdict in the rate cases.

H. N. McKinney, an expert in economics, puts the case strongly in a recent article in The Chicago News, perhaps the greatest of the independent newspapers of the country. We publish elsewhere an extract from his study.

From the Atlantic to the Pacific every business man who thinks knows the one thing needed to give prosperity an unexampled impulse is certainty as to just where business stands.

For nearly a year the interstate commerce commission has had the rate cases under preliminary and actual review. From all indications it is no nearer a decision now than when it started.

In the meantime, business is marking time. It is languishing from uncertainty.

The paramount need is for a decision of some sort. Adverse or favorable, the verdict should be forthcoming. If the railroads of the country are to be allowed to borrow and spend a million dollars in imperative betterments they and the business of the whole country of which they are most liberal patrons should know it. If the existing status is to continue, the railroads and business should know that, also, that they may adjust themselves accordingly. They have already adjusted themselves to stagnation and increasing idleness, and it is time to get out of the rut!

The railroads are not alone involved in the uncertainty. Every man that handles a dollar in the finance of this country, every man that swings a pick or shovel is directly or indirectly affected.

These enormous massed agencies have the right to make the reasonable demand for a verdict from the commission.

The foundries that sell rails; the shops that sell locomotives and equipment; the factories that sell clothing; the grocers who sell food; the men who rent and sell houses—every member of the economic fabric, from top to bottom, has the right to know whether it is to adjust itself to the present status, or plan on a new basis of prosperity.

Is there no way for this rising demand to penetrate the conscience of the commission?

Is there no way to impress the commission, piddling while business burns, with the urgency of action, one way or the other?

Is the commission forever to listen to the academic theories of Brandeis—a baiter and a trouble-maker who has conceived the idea that he has cornered the brain market of America, and that he is divinely called to squeeze the life out of the railroads!

From a party standpoint, the situation menaces. The fall elections approach., If when they come **business is still on the anxious bench, the people are going to find some concrete object upon which to wreak their indignation over a needless dallying with prosperity.**

As a democratic newspaper, The Constitution feels impelled to protest against the continued indifference of the commission.

Let it be thumbs up or thumbs down, and that quickly. Uncertainty keeps business in the pillory, prosperity on the leash.

End the uncertainty!

BETWEEN THE ACTS.

No particular play of imagination is required to see the benevolent intervention of Providence in the conditions of the refreshing visitation of the rain of Sunday and yesterday.

Sunday begun the between-the-acts week between the two most spectacular events on Atlanta's gala calendar for 1914.

The day before marked the close of the grand opera season, which had reached a new record over the four preceding seasons.

During that entire week, with thousands of visitors thronging Atlanta from all over the east and the south, the weather was as though made to order.

Jupiter Pluvius held himself, in check. There was neither downpour nor torrid sun to upset plans nor to mar the joy of the horde of pleasure-seekers.

The spectacle was that of Nature cooperating with the "Atlanta spirit."

Then begun the intermission on Sunday, and with it an energetic rain that cleansed the streets, flushed the gutters, made more green the verdancy of the spring trees, gave new vitality and beauty to flower and shrub and set every kitchen-garden in and around the city vibrant with life.

All this, in preparation for Shrine-s' week, the preliminaries to which get under way next Saturday.

The opening of this new drama, on as great or greater a scale than grand opera week, will find Atlanta made indeed into a "Spotless Town," her decks scrubbed, the city's face washed and shining for her new set of visitors.

This week, between the acts.

And Nature, having been kind to grand opera and Atlanta, is already setting out to be kind to Atlanta and the Shriners.

Surely, none of us can complain that Providence does not fight on the side of this city.

Will We Know Our Statesman Then?

I.

When they've settled all the questions that are worryin' the state,
Argyfyin' airly, an' speechifyin' late;
When their brain is headed home'ards, an' they's joy of hill an' glen.
Will the old home shine a welcome? Will we know our statesman then?

II.

Oh, he's been so long away
Where the congress fellers stay,
A stranger in a strange land—
Won't he feel jes' thataway?

III.

Their fences, out 'o fixin', are purty much laid low;
The wild weeds are wavin' where the green corn used to grow.
When Mr. Wilson tells 'em to scatter home again—
Them bored, white-bearded fellers—will we know our statesman then?

IV.

Oh, he's been so long away,
The very hills are gray!
A stranger in a strange land—
Won't he feel jes' thataway?

The Simple Country Life.

The Musket Ridge Philosopher writes of the simple country life he is enjoying at present:

"I went to bed most every night at from 8 to 9 o'clock and was awakened about 5 in the morning by the music of the jackasses, the chickens, the hogs, cows and the scent of good, country ham would come floating into the room, and then directly the farm bell would ring. This was a warning that breakfast would soon be ready. Then I would hear the holes of the coffee mill. How I enjoyed the red ham gravy and the humped-back biscuits, and the fresh eggs and the coffee. After dinner we would have wild greens and young onions, navy beans and pone-cornbread, preserves and buttermilk from the never-covered springhouse."

A Word From Mister Sun.

I.

Said Mister Sun: "You asked me
To dimb a little higher,
And now you racket
Cause I'm keepin' up the fire!
But where would you be—
On the land, or on the sea,
If it wasn't for the fire
That flickers down from me?

II.

"When I'm sorter restin' up,
In the winter days,
You ask my warmth fremen
To stir me to a blaze;
And then, when I blaze
I don't get any praise.
You're growlin' at the fire
That is lengthenin' yer days!

III.

"But still I shine my brightest:
The fields—they bring you bread;
I glance along the gardens
And even the rose to red;
And Pagans, overseas,
Bow and bend the knee—
They only have a kindly word
And thank their gods for me!"

And Not Meant to Be Humorous!

The Kansas City Star says the following are answers at a recent school examination in Baltimore:

"Ulster is concerned in the oyster fight. Ulster is a great artist.
General Villa is a summer home.
A fleet is a group of fish.
A star shoots, while a planet doesn't.
Disarmament is the process of disarming.
Franklin's autobiography was written by George Washington.
Good examples of martyrs—Wilson and Roosevelt."

Unlitterary Microbes.

Is it possible the Sweet Singer of Whitsett and his brother-bard, of Hillsville, are writing for The Exclusive Atlantic Monthly? The following rhyme of our every-day troubles is credited to that magazine:

"Microbes, microbes everywhere
In the water, in the air!
Kicking up a deadly row
In the milk and in the cow.
You can almost hear them mutter
In the milk and in the butter."

And Then He Went Forward.

"I never got anywhere at all in the world until I got rid of the idea that I knew just how it should be run," says a Georgia philosopher—"until I was willing to admit that Providence had beat me to it and was doing the best things possible under the circumstances. I am now an humble worker in the great life-procession, with no hankering to join the rush for the job of general-in-chief."

The Blessing.

Hear, on the journey,
Ye travelers in distress:
Sure to be a blessing
When you make the bread to bless.

Toil while the light shines,
Toward the harvest press;
There will come a blessing
When you make the bread to bless.

Placing Them.

The editor of The Summerfield Sun overheard this home-conversation:

"What are your sons doing now?"

"Well, one of 'em is in town practicing law and the other is right here at home making a living."

KILLING BUSINESS.
(From The Chicago Daily News.)

Business men everywhere are asking what is the real condition of business, and what are the prospects for the near future.

Tariff reductions, uncertainty concerning result of new banking laws, trust legislation and continual threats on the part of congress and the administration to further investigate, and legislate, have frightened capital and stifled business progress, but most of all has the action of the interstate commerce commission in the question of increase of freight rates unsettled business and destroyed confidence.

Notwithstanding the importance of proposed action, nearly a year has passed since application was made, and it is still uncertain when decision will be rendered. In June, 1913, an order was made permitting a rehearing, and in order to save the railroads unnecessary expense of a quarter of a million dollars in reporting the schedules, and to gain time, it was suggested that the rate schedules which had been presented at the last hearing be used. To this two commissioners objected, and the railroads were required to incur this large and needless expense, and hearings were postponed until these rates could be printed. November 24, 1913—five months after the time had been granted—the first session of the commission was held, and in December the commission submitted seventy-eight questions, many of which had never been thought of during the twenty-five years the interstate commerce commission has been in existence, and the answers to which could not be read by the commission in years if nothing else was done during that time, at expense to the railroads and still further delaying action.

The interstate commerce commission is supposed to be a judicial body whose business it is to secure facts and from these facts to render decisions. It should be absolutely impartial and as anxious to care for the railroads as for the public. Instead of this, however, only of the first acts of the commission was to employ Mr. Brandeis, who is known the country over to be bitterly antagonistic to the railroads, as their counsel, and as the hearings have proceeded Mr. Brandeis has in fact acted in behalf of the commission in the prosecuting counsel against the railroads.

Decision Overdue.

Every business man knows that had the members of the interstate commerce commission appreciated the effect of their procrastination upon the business of the country, they could have rendered a decision long since. When the supreme court sits to hear a case every justice is present, and it is a significant fact that the full board of the interstate commerce commission has been present at only a few of the hearings of the railroad case, and customarily every commissioner has been absent and the hearing held before an examiner.

Nobody objects to proper government investigation or regulation, but in these days it is proper to consider who are the people that are hurt by poor business, and it is equally proper to ask how the government can economically and efficiently direct business when it is a well-known fact that its management is the affair of the people is extravagant and unbusiness-like. One thousand million dollars a year are being spent to run the government without any attempt at either economy or efficiency. Many people think of corporations and railroads as great combinations of millionaires, and that these millionaires are the only ones who are hurt by anything which reduces their profits. As a matter of fact, the great majority of the stockholders of all corporations are people of small means to whom the dividends are an important part of their income, and more and more employee are investing their savings in the stocks of the corporation by which they are employed.

But it is not alone the stockholders of a corporation who are harmed when it is hurt. Shrinking business means idleness and women in all lines out of employment, and without their regular wage they cease to be buyers beyond actual necessities, and every large and small dealer as well as every wage-earner is hurt.

That which will rightly but quickly revive business, giving employment to those now out of work, is imperatively demanded, and nothing will aid in bringing about the desired result so much as quick, intelligent, impartial action on the part of the interstate commerce commission, and next to that, similar action on the part of congress regarding "trust" legislation. Nothing so disturbs and unsettles business as uncertainty, and of the latter we have had during the last year killing abundance.

Unless conditions are quickly changed the number of unemployed will be largely increased, with all the suffering thereby entailed.

It is time that a "government of the people, by the people," should show some disposition to care "for the people."

H. N. M'KINNEY.

Monterey.

We were not many—we who stood
Before the iron sleet that day;
Yet many a gallant spirit would
Give half his years if he could
Have been with us at Monterey.

Now here, now there, the shot it hailed
In deadly drifts of fiery spray,
Yet not a single soldier quailed
When wounded comrades round them wailed
Their dying shout at Monterey.

And on—still on our column kept,
Through walls of flame, its withering way;
Where fell the dead, the living stepped
Still charging on the guns which swept
The slippery streets of Monterey.

The foe himself recolled aghast
When striking where he strongest lay,
We swooped his flanking batteries past,
And braving full their murderous blast,
Stormed home the towers of Monterey.

Our banners on those turrets wave,
And there our evening bugles play;
Where orange-boughs above their grave
Keep green the memory of the brave
Who fought and fell at Monterey.

We are not many—we who pressed
Beside the brave who fell that day,
But who of us has not confessed
He'd rather share their warrior rest
Than not have been at Monterey.

—CHARLES FENNO HOFFMAN.

Dawn at Rangoon.

(From "The Color of the East," By Elizabeth Washburn, published by Stokes.)

Slow boats slipped softly up the stream and other still slightly swaying at their anchors. A craning, swanlike craft, with high carved beak and outstretched wings, swept swiftly out to sea with rows of naked brown men bending sharply at the oars. Sampans rocked in the eddies and a gentle stir and stretching from sleep ran up and down the crimson-running river.

A bird rushed suddenly from the grass, liquid song from the low, mist covered shores. Following came a gentle breeze that rent the fine silver tissues, and the dawn came and showed, very naked and ugly, a low, flat lying town. With the breath came a faint, fine echo of bells—bells of silver, bells made of silver. Then, emerging from the mists and standing high above the level of the brown earth, gleaming in gold shaped, divinely pointed thing of gold that quivered dizzily for a moment, then dimmed behind a bank of mist.

Next the sun leaped into the day and struck upon the scene like the sudden clash of metal cymbals. The mists curled instantly and vanished, the shadows withered under foot and a haze which light trimmed like a knife the ugly outlines of Rangoon.

Mind and body cry aloud for shelter in the town. The sun hangs so low—perches in the very branches of the dust-streaked trees. It is appalling, and the soul whimpers at the nearness, the bald intrusion.

A Tame Exhibit.

(From The Philadelphia Inquirer.)

Prince Henry will probably seem very tame to South America after the Big Noise.

DAILY GRIST from the STATE'S POLITICAL GRIND

ADAMS, IF ELECTED, WOULD FAVOR BILL ESTABLISHING ELECTRIC CHAIR

Gainesville, Ga., May 4.—(Special.)—The political pot is going to state offices is sprouting properly in Hall county in the past few days. J. V. Stover, a prominent man in Hall's politics, has announced for the legislature, while William F. Conner is "fishing" among friends with a view to getting into the field, and Dr. Clifton Newton, a prominent figure in Gainesville politics, is being urged by his friends to make the race.

Colonel J. O. Adams has made several speeches in the interest of his candidacy for the state senate. Mr. Adams, it is understood, will support a bill for the establishment of an electric chair to be placed in Fulton county jail, and that every murderer sentenced to death shall be carried there for execution.

This bill would be heartily indorsed by the entire county, and it is hoped here that its passage will go through at the next sitting of the legislature.

SITUATION DECIDEDLY MIXED REGARDING JUDGESHIP RACE

Brunswick, Ga., May 4.—(Special.)—The entrance of ex-State Senator J. A. J. Henderson, of Ocilla, into the congressional race, and the announcement of Peter W. Highsmith, of Baxley, that he would be in the race for judge of the Brunswick circuit, has somewhat enlivened the political situation in this section of the state.

It is now the general belief that Colonel Henderson will be the only opponent of Congressman Walker. Judge J. C. Quincy, of Douglas, and W. J. Converse, of Valdosta, both of whom have been considered probable candidates, will not be in the race, according to information received in this city. Colonel Henderson, while in this city on a tour over the district, stated that he had received encouragement from every county in the district, and that he was well satisfied with the situation. He will at once enter into an active campaign, and will form a strong organization. Friends of Colonel Randall Walker are rapidly getting in line for the campaign, and they predict he will be re-elected.

The entrance into the race for the judgeship of the Brunswick circuit of J. W. Highsmith, of Baxley, against Judge C. P. Connerat, of this city, and R. L. Bennett, of Jesup, making it a three-cornered fight, has somewhat mixed the contest, and this race is expected to be an unusually interesting one, as all three of the candidates are popular, and have a large following throughout the circuit.

The time limit for the registration of candidates for the Glynn county primary to be held on May 12, has expired, with opposition for only one place, that of representative. The candidates for the house are Colonel J. E. Dart and Dr. E. C. Bruce, both well-known men, and the race between them is expected to be close and interesting. All of the present corps of county officials are offering for re-election, none of them having opposition.

Hon. Peter H. Akin, at present Glynn county's representative in the legislature, is a candidate for the senate from the fourth district, composed of the counties of Glynn, Camden and Charlton. Mr. Akin has no opposition.

LOOKS LIKE BATTLE ROYAL IN THE NINTH DISTRICT

Commerce, Ga., May 4.—(Special.)—The primary to nominate officials of Jackson county will be held tomorrow. The candidates for clerk, treasurer and tax receiver have no opposition, and will succeed themselves.

Tax Collector Appleby is opposed by Brant Smith. Mr. Potts, the present sheriff, is not a candidate. Ben Collier, ex-sheriff, who is a candidate, is opposed by Ernest Duke. So that Jackson, one of the large counties of the state, has only seven candidates for all of the county offices, while Banks, an adjoining county, had twelve candidates for treasurer alone. The primary in that county was held several days ago, and Malory Scoggins was the one out of the dozen that won the prize.

As the days go by, it becomes more and more evident that there will be a battle royal in the ninth congressional district. Hon. Thomas M. Bell, the incumbent, will be opposed by Hon. John N. Holder, of this county. Neither has yet announced, but both are running. Mr. Holder will make formal announcement within the next few days. The probabilities are that there will be but the two candidates, Bell and Holder, in the race. Both are popular.

Hardman's temporary headquarters here is flooded with letters and telegrams daily. A corps of stenographers is kept busy day and night in an effort to give personal attention to an accumulation of mail. For the present, this work will be done in the home office. Later on, over time, the Hardman headquarters will be moved to some point nearer the center of the battleground. During this week Mr. Hardman has visited a number of county seats and country towns, and has come in actual contact with hundreds of voters.

CONGRESSMAN WALKER SPENDING A FEW DAYS AT VALDOSTA

Valdosta, Ga., May 4.—(Special.)—Congressman R. Lee Walker, of the Eleventh district, is spending a few days at his home here, but expects to return to his duties in Washington early next week. As a member of the house committee on foreign affairs, Mr. Walker, who was called to Georgia on important personal business, would not leave the capital until he was assured by President Wilson and by Chairman Flood, of the foreign affairs committee, that there would likely be no developments in the Mexican trouble pending plans for mediation, and that his presence would not be needed in the house for a few days. Mr. Walker has yet made no formal announcement, but it is of course understood that he will be a candidate for congress to succeed himself. He has made a splendid record and his friends believe that he will make an even stronger race than he did two years ago. The newspapers in the district are coming out strongly in his behalf, while many influential men in the district who were opposed to him in his former race are for him this year. The second term precedent will prove a very strong factor in the race, and coupled with Mr. Walker's excellent work in congress, his friends believe will make his election sure. Mr. Walker believes congress will be in session all the summer, and that it will be necessary for him to remain at his post. In that event the district will miss the exciting joint debates between the candidates which featured the race with Judge Parker two years ago.

What Tag Day Means in Atlanta

"Tag" day in Atlanta means that on that particular day, Thursday, May 7, all citizens of Atlanta unite to look after the children of the Sheltering Arms day nurseries. The institution of the nurseries and allied kindergartens is under the direction of the Sheltering Arms society, of which Mrs. W. S. Elkin is president.

In these nurseries are the little children still under school age whose mothers, helping to support them, must work during the day out of the home. The children could not be left alone at home, but the Sheltering Arms nurseries, comfortably equipped, and with a matron in charge, looks after these little ones, until they are called for by their mothers at 6 in the evening. They are carefully watched, fed at proper time, and the baby ones are put to sleep, kept clean, and generally protected and made happy.

The older children, still under school age, are in the kindergartens during school hours, and through the agency of the day nursery and the kindergarten, many a child is not only given the direction it should have under the most impressionable age, but in many cases little lives have been saved. The children are given medical inspection, and in case of illness, the matron is there to look after them.

As Atlanta's population grows, so the need of the nurseries grows, and the Sheltering Arms society works for the money to maintain the institution. Several years ago "Tag day" was inaugurated, for the Sheltering Arms fund, and on that day the general public is appealed to for what they can. The response is always generous, and out of courtesy to the praiseworthy work no other organization in Atlanta in any way conflicts with the one "Tag day" each year, which is the only money on which the Sheltering Arms society secure the necessary funds for their work.

Each year donations are made by the public, these ranging from checks of $1,000 to the penny contributions of those who can afford only a penny.

Remember that when you give 50 cents you keep a little child in the day nursery for a week. When you give as much as $5 you keep it there a month. When you give $5 cents you pay for a child in a free kindergarten a week. Maybe during that week there goes into that little head the lesson that will give it the first idea of good citizenship which will go with it through life.

The majority of the day nurseries are in the parts of the city where there is a large industrial element, and where, if the children were not kept off the streets, they would be exposed to many dangers. In those centers where there are the day nurseries and the kindergartens there are fewer petty offenses, and fewer children employed in the mills. Another reason for the interest shown is brought by the child to the mother, and she has the ambition to send her child to school; the child is ambitious, and, in many cases, the best pupils in the public schools are those who have had a basic training in the nurseries and kindergartens.

MONTGOMERY WINS ALL-ROUND TITLE

Tenth Annual Field Day of Local Grammar Schools Proves to Be Most Successful Event.

The tenth annual field day of the local grammar schools, which was continued from Saturday morning, came to a succesful close Monday afternoon with the awarding of prizes to various winners.

Ben Montgomery, from Oakland school, was awarded the gold medal for the best all-round athlete in the class B boys, while Elbert Adams, Fraser school, took this honor in class B. The medal for the best all-round girl in class A was awarded to Hattie Burnett, of Peeples. Esther Elson, of Formwalt, won the medal in class B.

By far the most pleasing events of the afternoon were the dumb-bell drill by selected pupils of the eighth grade, and the folk dances by pupils of the fifth grade.

The dumb-bell drill, in which more than 300 girls and boys participated, was very beautiful, and the children are to be highly commended for the way they went through the different movements, keeping perfect time with the music.

The folk dances were also very beautiful, and the small pupils of the fifth grades went through their intricate steps to music in fine style.

The last event on the program was the awarding of prizes by Dr. Treadgold, and after that the schools marched out in perfect order, and one of the most successful field days ever held by the grammar schools came to a close.

The individual winners in the different classes were awarded gold medals for second place winners were given silver medals, while third place winners were awarded bronze medals.

To the team winners pennants were given, while plaques were given for best all-round work during the term by the different grades.

DOORKEEPERS PRAISED FOR HANDLING THRONGS

Among the many details of management and arrangements at the Auditorium-Armory during the grand opera which brought forth comments of praise from the visitors was the manner in which W. G. Sands, chief door keeper, and his assistants handled the throngs at the doors at each performance.

One patron of the Yorkers expressed it as a fine example of "Atlanta spirit."

"Billy" Sands had the whole matter of getting the crowds into the building in a rapid and orderly manner figured out to a fraction of a inch.

Besides his door keeper, he had three men at the entrance directing the people as they arrived and seeing that they had their tickets ready.

It was a masterful piece of work.

New York, May 4.—The police today were asked to recover jewels valued at $10,000, belonging to Mrs. Henry Huti, formerly wife of Henry Hutt, the artist, which were taken from her apartment by a burglar last Thursday. The theft was committed while Mrs. Hutt and her son were at dinner.

MAYOR IN CLASH WITH JESSE LEE

Council Overrides Vetoes of Woodward in Every Case But One—Mayor Criticises Resolutions.

Menacing war clouds hovered over the session of council when Mayor James G. Woodward and Councilman Jesse B. Lee, of the fifth ward, faced each other to answer to a hot debate yesterday afternoon, after the mayor had vetoed Lee's plans for sidewalks.

Councilman Lee, arising to what he claimed a point of personal privilege, entered into a tirade against the mayor, bringing forth protests from Alderman Jesse Armistead.

"The mayor makes a personal attack on me in his veto message," Councilman Lee said. "But, I want this council to know that it is no more right for Mayor Woodward to represent the Atlanta, Birmingham and Atlantic railroad—"

Here, Mayor Woodward rushed into the council chamber, and climbed board the rostrum. With his cigar tilted at a forty-five degree angle, and using his left hand as a sort of sound conductor for his left ear, the mayor listened to the remarks.

Then the mayor stepped down from the rostrum. His eyes were flashing and he vigorously punished the stem of the cigar, which now reposed at an agle of about forty-seven degrees. When Councilman Lee concluded, someone suggested that the mayor be allowed to speak, and, there being no objection, he tore into the fifth ward representative.

Denies He Is Stockholder.

Mayor Woodward denied that he was interested in the A. B & A. railroad as a stockholder, and declared that his veto was but inspired by reason of the fact that the sidewalks planned by Councilman Lee crossed the railroad property. He criticised Lee for planning up so many tile sidewalk resolutions in view of the fact that Lee is in the tile sidewalk contracting business.

"And, furthermore, I want to say that I have been reliably informed that Councilman Lee carried blank resolutions in his pocket and that to fill them out whenever he run across a piece of property like this," said the mayor.

He then resumed his place as presiding officer of council, and the rules were suspended to allow the mayor to proceed with the election of various officers. He left the council chamber before Councilman Lee resumed his remarks anent the veto message of the mayor.

Says Remarks Are False.

In the second chapter, or installment, Councilman Lee was again recalled and pointed, and even declared that certain of the mayor's remarks were false.

Council then proceeded to override the mayor's veto in all but one instance. One resolution provided for laying a tile sidewalk on Echo street, another on Franklin street, and the other on Bellwood avenue. The three resolutions, according to the fifth ward delegation, were offered at the request of tenants of property.

The mayor's veto of the Bellwood avenue resolution caused a row, when Councilman Lee explained that he had been informed just prior to the meeting of council that the street was too narrow and would have to be condemned.

In his veto message, Mayor Woodward declared that the sidewalks were absolutely unnecessary. He charged that the only advantage of having the work passed up would be to Councilman Lee as a paving contractor.

Mayor Woodward also criticised the resolutions because they were signed by Councilman Lee and not by a majority of the members of the street committee.

Oleo Men Sentenced.

Chicago, May 4.—John F. Jelke, oleomargarine manufacturer, was fined $10,000 today and sentenced to two years in jail for conspiracy to defraud the government of taxes on illicitly colored oleomargarine. Seven other defendants in the oleomargarine cases, most of them connected with the John F. Jelke company, were fined $2,500 each by Judge Geiger, in the United States district court.

Fulton county's jail is a place of detention, where no "sweating" or third-degree tactics are allowed under Mangum's administration.

PROMINENT BANKERS PAY VISIT TO ATLANTA

Will Spend Today Inspecting Property of Railway and Power Company.

A party of thirty-eight capitalists, representing the largest banking houses of the United States, headed by Arthur E. Newbold, of Philadelphia, arrived in Atlanta over the Southern railway at 5 o'clock Monday afternoon.

Last night they were the guests of H. M. Atkinson at dinner. Today will be spent in an inspection of the property of the Georgia Railway and Power company, which is subject to the authority of the railroad commission. These bonds will be sold for the purpose of paying for work done at Tallulah Falls. In the party are several engineers, representing companies that are interested in cheap power, and it is possible several manufacturing concerns may be located here as a result of the trip.

In addition to the above men in the party represent several hundred million dollars.

It was the first trip to this part of the country that many of the party ever made.

"I am simply amazed at the size and evident prosperity of your city," said Mr. Newbold.

Those in the party are:

Henry W. Harrison, Philadelphia; Stephen Puguet, Philadelphia; Robert L. Beers, New York; F. Johnson Ward, Philadelphia; Edward Shoemaker, Baltimore; Caldes, Philadelphia; E. H. ORDINANCE WILL END "DEADLOCKS"

Charter Amendment Offered by Alderman Nutting Giving Added Authority to City Council.

If the charter amendment drafted by Alderman James R. Nutting and offered at the meeting of council yesterday afternoon is adopted by the general assembly, Atlanta's general council will have the authority to break "deadlocks" and elect a chairman of any board or commission within sixty days after the date set for such elections.

Alderman Nutting's resolution was inspired by the situation which confronts the city in the fight on the police board. Commissioners Robert Pace and William Fain are the only two candidates for the place, and, although the police board, on three separate occasions, have tried to elect a chairman, efforts were met with failure because neither of the candidates could muster the sufficient number of votes to elect.

The Nutting resolution will solve the problem. It provides that if, after sixty days from the date fixed by law for the election of a chairman of a board or commission the board or commission failed to elect a chairman, council can do so at a special meeting called for the purpose.

The resolution will require a change in the charter, and necessarily it was passed up to the charter amendment committee for action. It will be referred to the legislature, along with a batch of amendments which have been prepared and which are still being considered in council.

The quarto-centennial of Agnes Scott college, beginning on Monday, May 25, will be celebrated by a great historical pageant with elaborate and beautiful costumes on the college campus, in which the alumnae and girls of the student body will take part. There will be folk dances, orchestra music and songs.

The pageant will be followed on Tuesday and Wednesday with a series of special gatherings, in which speakers of nation-wide fame will take part.

The quarto-centennial celebration proper will take place on Tuesday at 10:30 o'clock at the college. One hundred universities and colleges have been invited to send representatives. There will be a processional, in which the faculty and others will appear in academic costume.

The historical address of the day will be delivered by Hon. Murphy Candler, railroad commissioner of Georgia. The address of greeting will be delivered by Chancellor David C. Barrow, of the University of Georgia, on behalf of the colleges of Georgia. Dr. F. W. Martin, vice president of Randolph-Macon college, will speak on behalf of the Southern Colleges for Women, while Dr. May L. Keller, of Goucher college, Baltimore, will deliver an address as spokesman for the Southern Association of College Women.

The Agnes Scott alumnae address will be delivered by the president of the Alumnae association, Mrs. John Scott. There will also be alumnae songs. Chancellor Kirkland, of Vanderbilt university, will bring the greetings of the association of Colleges and Secondary Schools of the Southern States. Dr. P. P. Claxton, United States commissioner of education, has consented to be present and deliver an address at this quarto-centennial gathering, and another speaker will be S. M. Inman, of Atlanta, chairman of the board of trustees.

On Tuesday night at the Atlanta theater Hon. Thomas R. Marshall, vice president of the United States, will be the principal speaker. He will be introduced by United States Senator Hoke Smith, and J. K. Orr, of Atlanta, will preside at this gathering. The faculty and students of Agnes Scott will march to the theater in academic procession and in full academic costume.

On Wednesday morning, May 27, the graduation and commencement exercises proper will take place at the college, the program for which is still to be announced.

"Preparations are already well under way for the historical pageant on the campus," said Dr. F. H. Gaines, president of Agnes Scott, Monday morning, "and we are going to spend every effort to make it the most gorgeous and beautiful event of the kind ever witnessed in the southern states. Our alumnae, as well as the student body, are taking a very keen interest in these preparations and hundreds of beautiful costumes are being prepared."

GRAND OPERA WORKERS ARE CONGRATULATED

Before leaving for New York, Edward Siedle, technical director of the Metropolitan Opera company, congratulated the Music Festival association on the splendid way in which the intricate details of the stage machinery behind the scenes had been handled the past year.

Cecil Mayer, of Atlanta, assistant treasurer of the Atlanta Music Festival association, had direct supervision of all this work, and managed all the preparations for Mr. Siedle's coming so well that everything went off behind the scenes without a single hitch. The first opera, "Manon," was completely lighted and ready before the arrival of the Metropolitan in Atlanta.

One of the things that has made possible the bringing of Metropolitan grand opera to Atlanta is the magnificent stage at the Auditorium. Its proscenium arch is 52 feet in width—only 4 feet less than that of the big stage at the Metropolitan opera house in New York. The electrical apparatus which the Festival association has now has permanently installed on the stage of the Auditorium, is finer and more elaborate than that of any theater in this part of the south.

All the magnificent details of the opera this year were carried out with an efficiency and finish that have won for Mr. Meyer the congratulations of the Music Festival directors and his friends.

Many States Represented.

More states were represented in the audiences at Metropolitan grand opera this year in Atlanta than ever before in the five years of its production in the south, according to the records in the office of Harvey Johnson, business manager of the grand opera for the Atlanta Music Festival association.

Ever since opera was first brought to Atlanta its patronage has extended over the southeastern states, and this year, as usual, Georgia, Florida, Alabama, Mississippi, Tennessee and North Carolina were represented by hundreds of visitors.

In addition, however, visitors came this year from Kentucky, Virginia and Arkansas, three states which have never before been included in the Atlanta opera territory, says Mr. Johnson, and the number of visitors from Louisiana was materially increased.

Horror Due to Bad Wiring.

St. Louis, May 4.—The fire that destroyed the Missouri Athletic club building on March 2 with a loss of thirty lives was due to defective electric wiring, according to a report submitted to the chief of detectives today by two members of his staff.

Swift & Company's sales of Fresh Beef in Atlanta for the week ending Saturday, May 2, averaged 11.20 cents per pound.—(adv.)

EVERYTHING NOW READY FOR RIVER BOAT LINE

$100,000 Subscribed — Work Will Begin as Soon as the Charter Is Granted.

Macon, Ga., May 4.—(Special.)—At a meeting of the subscribers to the stock of the company to operate a boat line on the Altamaha system of rivers from Macon to Brunswick, Ga., the name of "The Macon-Atlantic Navigation company" was agreed on, a petition for a charter from the state was adopted, and an organization committee of ten was selected, the latter committee being instructed to proceed with the collection of 15 per cent of the subscriptions to the stock and get things in readiness for the actual operation of the line as soon as the application for a charter is approved.

W. T. Anderson, chairman of the stockholder's meeting, reported that $80,000 had been subscribed in full and that the city had appropriated $5,000 a year for five years which would more than make up the $100,000 needed. As soon as the charter is received, president, vice president and secretary and treasurer will be elected. The company will operate flat bottom motor driven barges of three hundred tons capacity.

MUST NOTIFY CITY WHEN STOCK DIES

In response to numerous demands from residents in parts of the city not easily reached by the sanitary department, Alderman James W. Maddox, of the fifth ward, introduced an ordinance in council yesterday which requires persons to immediately notify the sanitary department when stock dies on their property or on the streets.

According to Alderman Maddox, a number of complaints have been made to him about cows and horses being allowed to remain on premises after having been dead as long as three or four days.

"In many cases it was neglect on the part of the property owners, and in other cases it was someone else's fault," said Alderman Maddox. "However, the practice is dangerous and disgusting and should be stopped.

The ordinance provides a penalty of not more than $200 and thirty days' imprisonment for failure of persons to notify the sanitary department.

Wheeler Mangum will have been sheriff for six years; some say this is long enough in a public office. Let's see: Mayo has been on the taxpayers' payroll for SEVENTEEN years, while Wright was bred and born in public office.

There will be no third-degree paraphernalia in Fulton county jail so long as Wheeler Mangum is sheriff.

MINISTERS INDORSE WEDNESDAY CLOSINGS

Resolution Is Passed at Regular Meeting of Association.

The movement to close the retail stores on Wednesday afternoon received the unanimous and enthusiastic indorsement yesterday of the Evangelical Ministers' association of Atlanta. The resolution was passed at the association's regular meeting.

The Wednesday afternoon closing movement will go into effect on June 10. It has now received the indorsement of a half dozen civic organizations. The indorsements of others are expected to follow in the next week or two. The retail merchants of both the downtown and outlying districts are rapidly signing agreements which must be in completed shape before city-wide adoption of the Wednesday closing plan can be positively announced.

The employees of the stores are quite as enthusiastic about the Wednesday closing as the employers. They hail with pleasure the break in the long week for business, with a full holiday on Sunday and a half-holiday on Wednesday, they say. This will double the opportunity to recuperate from the enervating efforts of the hot months.

The plan also meets with the approval of about fifteen thousand workers who receive their pay on Saturday. The families of these workers are for the most part compelled to do all their shopping for the Sunday and much for the week, on Saturday. Under the new arrangements, they will shop on Tuesday, devoting the Saturday necessary business.

Retail headquarters, 214 Rhodes buildings, the Retail Grocers' and Butchers' association, has several thousand show-cards calling attention to the new plan. These cards are to be distributed within a few days among those who have already signified their intention of joining in the Wednesday closing. Cards will also be sent to customers, informing them of the innovation.

MISS J. C. HALL BURIED AT CARTERSVILLE, GA.

Cartersville, Ga., May 4.—(Special.) The funeral and interment of Miss Julia C. Hall, formerly of Cartersville, but late of San Antonio, Texas, was held at 11 o'clock today at Oak Hill cemetery and was attended by a large crowd.

Miss Hall, a talented musician and of great intellectuality, was the principal of a large school in her Texas home, where she was assisted in her work by her sister, Miss Mary Hall. She was an unusually handsome and noble woman, and the death brought sadness to the people in her native home.

The funeral was conducted by Rev. George E. Benedict, of Cedartown, formerly Miss Hall's pastor, and was attended by the surviving members of her family. Mr. and Mrs. W. F. Fain, of Atlanta, relatives, also attended the funeral.

Miss Hall died in San Antonio after a long illness. She was a native of Cartersville and went to San Antonio thirteen years ago. Nine years ago she opened the Bon Avon school for girls in that city, which institution is now one of the largest in that section of the country.

Miss Hall was widely known among the educational circles of the entire south, and was considered one of the ablest principals in Texas.

She is survived by her mother, Mrs. Kathleen Hall; a sister, Miss Mary Hall, and five brothers, George, Harry and Frank, of Georgia; Fred, of Dallas, Texas, and Grenfell, now attending Columbia university.

CREDIT MEN WILL HOLD ANNUAL MEETING MAY 8

The Atlanta Association of Credit Men will hold its annual meeting on the evening of May 8 at 8 o'clock in the assembly room of the chamber of commerce. Among the speakers will be Justice Joseph H. Lumpkin, who will make an address on "What I Do Not Know About Credit Men." Joel Hunter will speak on "The Credit Men and the Public Accountant."

Before adjournment there will be the annual election of officers, including the election of two members of the executive committee.

SUNDAY SCHOOL HEAD RESIGNS HIS PLACE

Because business engagements have necessitated his absence from the city for a great deal of the time during the last year or two, C. V. LeCraw, who has been for thirteen years superintendent of the Sunday school of the First Christian church, on Sunday resigned that position. The board of officers of the church will elect his successor.

The resignation of Superintendent LeCraw caused general regret among the members of his Sunday school. During his superintendency the attendance of the Sunday school increased from 150 to 600.

SPECIAL DETECTIVES DURING SHRINE WEEK

Chairman W. G. Humphrey, of the city's finance committee, offered a resolution yesterday authorizing an appropriation of $1,000 for the purpose of paying special detectives and about twenty supernumerary policemen during Shrine week.

Chairman Smith, of the tax committee, offered a resolution authorizing the police board to commission railroad detectives and employees as special officers of the city during Shrine week. The railroad detectives will act as guards of the special trains which will be sidetracked in the yards. The resolutions were passed.

LEROY AMERSON DROWNS IN THE ALAPAHA RIVER

Valdosta, Ga., May 4.—(Special.)—Leroy Amerson, 12-years-old son of J. B. Anderson, of Stockton, Ga., was drowned in the Alapaha river yesterday afternoon while in bathing.

The boy, while wading in shallow water, stepped off a rock into a pool 18 feet deep and sank before other bathers in the river could save him.

A large party dragged the waters until a late hour last night endeavoring to recover the body, but it was not found until this morning. His face and other portions of the body had been fearfully mutilated by fish or turtles, and the lad's features were unrecognizable when he was dragged from the waters.

OLD MAIDS' CONVENTION MEETS AT LYERLY MAY 6

Lyerly, Ga., May 4.—(Special.)—Wednesday, May 6, has been set at the day by the "Old Maids" of Chattooga county for the holding of their convention. The meeting to be called to order promptly (an old maid is very strict on being prompt) at 8 o'clock. The delicate question of whether or not women should propose marriage to men will be brought up for discussion before the convention and a lively debate is expected.

Captain Mayo says he will reform the sheriff's office and jail; he has spent SEVENTEEN years on the police force. What "reforms" has he accomplished there?

SIKEL NOT A GREEK, ASSERTS THE CONSUL

Man Chased by Mayor James G. Woodward Is Fined by Recorder.

Jos Sikel, who was arrested by Mayor Woodward Sunday night for carelessly bumping into a lady and himself on Whitehall street was fined $25.75 in police court Monday afternoon by Recorder Pro Tem. Preston. R. E. Church, husband of the lady that Sikel was charged with bumping into, appeared in court to testify against Sikel. Mayor Woodward took no personal offense when Sikel bumped into him, and therefore did not appear in court.

The consul of Greece addressed the following communication to the paper, objecting to the unfortunate use of the word "Greek":

"Editor Constitution: Having read the dramatic story in this morning's issue of the arrest, by Honorable Mayor Woodward, of a Greek, I called at police headquarters, to investigate the matter, and I found that the man

"I must confess that I did not take the pains to see about this matter but for two facts, first, because it was charged with a premeditated and very valuable paper, and second for the slight abuse of the word "Greek," which is very often applied to every dark-haired, strange-looking foreigner who happens to commit something. I am sure that there can be no some reason for this state of affairs, and the simplest way would be to call each individual by his own name.

"Trusting that you will give this letter the benefit of your paper, and thanking you for same, I am,

"Sincerely yours,
"DEMETRE VALIADI,
"Consul of Greece."

CITY SEEKS TO PERFECT CLAIM AGAINST A., B. & A.

In order to have the city's liens against the Atlanta, Birmingham and Atlantic railroad recorded before the sale of the property on May 15, Alderman Albert Thomson offered a resolution in council yesterday authorizing that executions be issued against the corporation and that protect the city's claims.

The executions are on the following: Ashby street sewer, $1,849.80; Bellwood Avenue sewer, $1,218; Marietta street sewer, $57.75; Marietta street sewer, $1,418.45. The Marietta sewers are in different locations. The execution amount to a total of $2,494.52.

According to the terms of the sale, the property will be sold without liens. Should the city fail to have its liens against the corporation recorded before the sale, they would not have a legal status.

GOV. SLATON WILL HEAR JIM CANTRELL CASE

On Thursday Governor Slaton will hear arguments by the attorneys for Jim Cantrell, of Gainesville, who, together with his brother, Berrie Cantrell, is under sentence to hang for the murder of a man named Hawkins at Gainesville. Governor Slaton has granted Cantrell a reprieve. He was to have been executed last Friday.

The "skinny man" paid his car fare in cold cash, while the "fat man" paid his with a free ticket furnished by the city. Vote for the "skinny man" who gets no free tickets.

FIRST SHRINE TEMPLE TO ARRIVE WEDNESDAY

Large Delegation From El Paso Will Reach Here Tomorrow Morning.

The first Shrine temple of the scores that will be coming later to attend the Atlanta meeting next week is due to arrive in Atlanta some time during the early forenoon of Wednesday. This is El Maida temple, of El Paso, Texas. It will spend a couple of hours in Atlanta, and then ride on down into Florida, to have a good time there at the Confederate Veterans' reunion in Jacksonville and at other points in the state, until Saturday, when it will return to spend next week in this city.

Southern railway officials were notified Monday afternoon that the Texas line, originally to arrive at 2:30 o'clock Tuesday afternoon, have been delayed by floods and high water and that they will get in twelve hours or more late.

El Maida's advance nobles in this party are traveling in a special car. They will come in at the Terminal station, and will depart from there.

Word was received today by the Atlanta committee that the four temples of California, each traveling in a special train, had assembled at their rendezvous, Kansas City, in the forenoon, and were then on their way from St. Louis to Detroit.

BANK CASHIER PUTS BULLET IN HIS BRAIN

Charlotte, N. C., May 4.—Herbert Austin, cashier of the Wachovia bank of High Point, N. C., committed suicide by shooting himself through the temple with a pistol this morning at half-past 9 o'clock at the home of his grandmother, Mrs. Noah Townsend, at Hildebrand.

Austin, who was about 26 years old, reached Hickory this morning about 7 o'clock and afterwards walked to the home of his grandmother at Hildebrand, about five miles from Hickory. After greeting his grandmother affectionately, he refused anything to eat and went into a room, presumably to take a sleep awhile. Mrs. Townsend heard a pistol shot and going to the room found her grandson lying on the floor dead.

No probable cause for the suicide is known. Austin was married just a few weeks ago at High Point.

Against Prohibition.

Washington, May 4.—Senator Martin today presented to the senate a petition signed, he said, "by 39,496 citizens of New Jersey," protesting against the proposed nation-wide prohibition amendment to the constitution.

Mangum is the only Confederate Veteran in the race for sheriff; every deputy on his ticket is the son of a Veteran. Can the opposition say as much?

Cast a ballot for TULL C. WATERS and take the county from the grasping hands of the ring politicians.

NO WONDER SHE IS GLAD

Only a Short Time Ago Was Unable to Stand and Out of Heart; Now Walks Two Miles Easily.

Rosedale, Okla.—"I am almost unable to describe what used to be my suffering," says Mrs. Beckey Barrett, of this town. "I suffered so for over two years, with womanly troubles, and had such pains, that I was unable to stand on my feet.

It seemed that I could not be helped, and thought my only chance was an operation.

I took different medicines, but found no relief, and I got out of heart.

At last, I commenced to use Cardui, the woman's tonic, and I am glad to say that I am very much better. I have taken five bottles of Cardui, and I can do my work all right—all my housework—and can walk two miles at a time, easily.

I feel like a new woman. I will always recommend Cardui to all sick and suffering women, for I know that Cardui saved my life."

Cardui has proven itself to be an ideal tonic for women.

It is composed entirely of harmless, vegetable ingredients, which act specifically on the weakened womanly organs, helping to strengthen the muscles and nerves, and to build them up to health. Cardui has been in successful use for more than half a century. Give Cardui a trial. No doubt it's the very medicine you need.

HITCHCOCK HANDS OUT WHITEWASH

Blanks Alabama With Four Hits, While Teammates Have Field Day With the Willow.

By Clark Howell, Jr.

Athens, Ga., May 4.—(Special.)—In a listless, long drawn out game, played in a drizzling rain the University of Georgia baseball nine swamped the aggregation from the University of Alabama by the score of 11 to 0.

Hitchcock pitched a magnificent game for the Red and Black, allowing only four bingles, no two of which came in the same stanza, while Stevenson was touched for fourteen safeties, aggregating a total of twenty-two bases. Only one Alabamian got as far as the third sack.

In addition to the terrific clouting of the locals the visitors added to the run-getting by seven costly errors and shiftless work on the bases. The whole team had an off day.

Hitchcock, in addition to holding the batters at his mercy throughout the fray, connected for three singles out of four trips to the pan; Harrison, McWhorter and Henderson each connected for a three-ply smash.

Holden smashed one to center for four sacks, the first home run gotten this year on Sanford field. During the afternoon five double plays were executed, three by the Tuscaloosians and two by the Athenians.

To give a detailed account of how the runs were scored would be to write a column of hits, errors, stolen bases, bases on balls and bonehead plays.

An interested spectator at Sanford field was Coach Heisman, of Tech. He stated to a Constitution reporter that he was in Athens in order to get a better line on the players for his all-southern pick.

The second game will be played with Alabama Tuesday afternoon.

Crackers Back Home Today; Play Lookouts at Poncey; Barons and Bills Follow

By Dick Jemison.

The Crackers return home today after a most successful trip to Sulphur Dell. Their playing there, considering the crippled condition of the boys, was splendid, and they are deserving of the highest commendation by local fandom.

They return to do battle in eleven games on the home soil before they shall hit the road again. And with their full fighting strength on the field by the end of the week, they should make it exceedingly interesting for all concerned.

Bill Smith has corralled a good ball club, one that will fight. They have proven that they have the necessary nerve to finish well up in a pennant race, by the way they have fought in their crippled condition.

Lookouts Today.

The Chattanooga Lookouts, with Harry (Moose) McCormick, famous as a pinch hitter of the New York Giants, at the helm, will be the Crackers' opponents this afternoon and through Friday.

McCormick succeeds Kid Elberfeld at the head of the Lookouts and will bring with him many familiar faces and some new to local fans.

In the outfield, in addition to himself, he has "Texas" Johnson, formerly of Montgomery and "Baby Doll" Jacobsen, formerly of Mobile. The infield is the same as last year, with one exception. Mike Balenti, who was on the 1912 team, is back this season. Coyle at first, Flick at second and Graff at third were on the 1913 team. Street and Graham, the catchers, were 1913 men.

In the box, he has Floyd Kroh only of last season's team. Sline, an International league veteran, and Fox, Turner, Harding and Lorenson, all youngsters, are the new men.

Barons and Bills.

Carleton Molesworth and his Birmingham Barons will appear next on the local field, coming Saturday and remaining also Monday, Tuesday and Wednesday of next week.

Thursday, Friday and Saturday of next week, the Montgomery Billikens under the leadership of Bobby Gilks will be here. Then the Crackers leave for a road trip through the Southern division of the league.

The games in the Chattanooga series will start promptly at 3:30 o'clock. Tuesday will be the ladies' day of the series. Here is the probable batting order for today's game:

LONG BACK TODAY, WELCHONCE LATER

Munch Also Will Be Out for Several Days Longer. No Further Casualties to Report.

Tommy Long, the Crackers' left fielder and leading batter at present and last year the leading run-getter of the Southern league, will be back in left field today for the Crackers.

Harry Welchonce, the team's captain and center fielder, is coming around rapidly and unless he receives a setback, he'll be in harness the last of the week. The same applies to Dutch Munch.

No further casualties are reported, though McConnell and Elbel have been laying on nerve mostly for the past ten days. Elbel has a fearful charley horse on his right thigh, McConnell has had a bruised shoulder, which makes throwing and swinging the bat mighty painful. But they both stuck to it game.

The rest of the bunch are in fairly good shape. If they have any ails they are keeping them to themselves.

SOUTHERN LEAGUE

Montgomery, Ala., May 4.—In a pitchers' duel, Mobile defeated Montgomery in the opening game of the series by a score of 1 to 0. The only run of the game was made in the first inning, when Mobile, with Calhoun on third and Kirby on first, a double steal was executed, the former crossing the plate. Birmingham, Ala., May 4.—The New Orleans team met another snag today in the Birmingham Barons, suffering a 7 to 1 reverse at the hands of Pitcher Johnson. But for a bobble by the first baseman and another by the catcher in the sixth the visitors would have been shut down scoreless. The game was played in a drizzling rain. The local team scored in the first and again in the fifth, sixth, seventh and eighth innings. In both the sixth and eighth two runs were shoved across.

GORDON IS VICTOR OVER DAHLONEGA

Barnesville, Ga., May 4.—(Special.)—In a weird game of ball Gordon defeated Dahlonega this afternoon by the score of 10 to 3. The features of the game were the playing of Lee, at third for Dahlonega. In the third he made a bare-hand trap of Slappey's line drive down third-base line and retired Garrett at third. This was one of the prettiest plays ever seen on this diamond.

In the eighth Kingery made a one-hand stab of a line drive off Dillinger's bat and retired the side with a double play to first. Wilson, for Gordon, pitched excellent ball after relieving Slappey in the third. With good support he could have shut the Dahlonegans out.

Pacific Coast Athletes Apply for Recognition Of Five Records Made

New York, May 4.—James E. Sullivan, secretary of the Amateur Athletic union, received today the application of the Pacific Coast association for the recognition of five new records made during the past months by amateur athletes of the far west. They follow:

120-yard hurdles: Fifteen seconds, made by Fred Kelley, at Berkeley, Cal.

56-pound weight throw for height: Sixteen feet 11½ inches, at San Francisco, February 20, by P. Donovan.

60-yard hurdles: Eight seconds, by Earl R. Case, same time and place.

Javelin throw: One hundred and fifty-three feet 2½ inches, by Harry R. Liversedges, at Sanford, Cal., April 11.

One-mile run: Four minutes 26 2-5 seconds, by S. B. Berry, at Berkeley, Cal., April 11.

All these records have been accepted by the Pacific association.

Kelly's time for the 120-yard hurdles, if accepted, will be a new American record, as well as tying Forest Smithson's world record, made at London, July 25, 1908; Donovan's performance will supplant his own record of 16 feet 9¼ inches; Kay will tie Smithson's record; the javelin will supplant Broadhurst's record, made June 1, 1913, and Berry's mile in 4 minutes 26 2-5 seconds will be a new world's record for interscholastic running.

Vice President William Unmack, of the Pacific association, in forwarding the applications, stated that great care had been taken in timing and measuring the performances, and there was no doubt on the part of the Pacific Coast association regarding the correctness of the figures.

He also wrote that Howard P. Drew's record of 9 2-5 seconds for the 100 yards was being investigated, and an application would be filed for the same if the conditions were found to warrant it. Application for the recognition of Edward I. Bescon's record high jump of 6 feet 7 3-8 inches, made at Berkeley, Cal., on Saturday, also is expected in the near future.

DOWNPOUR ENDED CHANCE FOR GAME

Final Fray at Nashville Is Called Off at Last Minute. Both Teams Were on the Field.

Nashville, Tenn., May 4.—(Special.) Rain won the final game between the Crackers and the Volunteers here this afternoon, a deluge, just as the umpire called play ball, putting an end to any attempt to stage a game.

It rained most of the morning, cleared up by 2 o'clock and looked good for a game, but with the Vols in the field and the first Cracker walking to the bat, the rain came in buckets full.

The Crackers leave here with two victories and one defeat in the three games. They hoped to make it three out of four this afternoon, and the Preacher Peerman all keyed up for the contest.

Perryman will open against Chattanooga in Atlanta Tuesday.

CYCLONE CUTS SWATH THROUGH TEXAS TOWNS

Several Persons Killed and Many Injured—Property Loss Is Heavy.

Mount Pleasant, Texas, May 4.—Two persons were killed at Maud, Texas, near here, today and half of the house in the little town destroyed, according to information received here late today. The cyclone also did severe damage at Redwater and at Pittsburg, Texas, injuring some fourteen people in the three towns.

At Maud, Mrs. Pearl White and her small child was killed; at Redwater, six persons were injured, and near Pittsburg four persons were hurt, one probably fatally. This information was received by railroad officials here over the only wire not wrecked by the storm.

It was stated that practically all the dwelling houses at Redwater, a town of about 250 inhabitants, were destroyed. The Cotton Belt railroad station at Redwater and several business buildings also were wrecked. Near Pittsburg eight houses were blown down.

Mississippi Town Hit.

Greenville, Miss., May 4.—Several dwelling houses were wrecked, others were damaged, half a dozen buildings in the business district were unroofed and the electric light and power plant was put out of commission by a storm which swept Greenville late today. No one was seriously injured.

Dispatches from several small towns in the vicinity of Greenville report minor property damages.

CHAPIN TO IMPERSONATE LINCOLN FRIDAY NIGHT

Benjamin Chapin, the only man ever known to have given a successful impersonation of President Lincoln, has

BENJAMIN CHAPIN.

been secured for the closing lecture of the Alkahest Lyceum course. The lecture will take place Friday, May 8, at the Tabernacle auditorium.

Mr. Chapin's impersonation has been pronounced by many critics to be a bit of genuine dramatic art. The lecturer has devoted ten years to the study of this single impersonation. He doesn't depend on high heels, a pair of false whiskers, and a nasal tone, to make it a success. He has studied Lincoln, the man, from every conceivable angle. He has even written a play on the subject.

The result is that people who know Lincoln in life declare Mr. Chapin's impersonation to be almost perfect, both from a personal and dramatic standpoint.

Mr. Chapin will interpret his own play, "Lincoln," which closed some months ago after a highly successful run.

MRS. E. E. LOWE LOSES LARGE DIAMOND RING

Mrs. E. E. Lowe on Monday reported that some time during Sunday she lost a large cluster diamond ring, valued at $800, at the Winecoff.

Mrs. Lowe is very anxious to recover the ring, and offers a handsome reward and no questions asked if it is returned to her at the Winecoff.

My record as written on the minutes of the county commission proves that I have advocated more real reforms in the convict system than any other member of the board. Don't let ring politicians, in the guise of reformers, prevent your VOTING FOR TULL C. WATERS.

Do the people of Fulton county want to turn the county jail over to the police department? Well, hardly.

CASEY LEFT $1,000 SO HIS FUNERAL MIGHT BE VERY GAY

San Francisco, May 4.—William S. Casey, a bartender widely known in the California cattle country, had a funeral yesterday which he paid for himself. Casey died by his own hand last Friday. His health shattered, he told his friends that he did not want to live if he could not be happy. He had $1,000 in a bank at Salinas and he arranged that the sum be used for his last rites.

"My passing out is not a signal for sorrow," Casey had said. "I want the friends that attend my funeral to enjoy themselves just as if I were among them in reality, as I will be in spirit."

A special car brought Casey's body from Salinas to San Francisco, where it was cremated. With the ashes in an urn, a score of Casey's friends, following directions left by the decedent, proceeded to a hotel, the proprietor of which was an old friend of Casey's.

Before the party sat down to dinner, the urn was taken into the barroom and placed behind the bar. Then everyone ordered his favorite drink and this toast was drunk:

"Casey, who is still behind the bar."

The party, carrying out Casey's instructions, then sat down to dinner and later went to a theater.

Yesterday Casey's ashes were taken back to Salinas and sprinkled on the Salinas river.

TWO HURLED INTO WATER WHEN CAR JUMPS BRIDGE

Harlem, Ga., May 4.—(Special.)—Deputy Sheriff Anderson, of Screven county and a Mr. Jackson, bookkeeper at the stockade of Richmond county, had a narrow escape this afternoon, when their auto became unmanageable and leaped off the bridge at McCormick's pond, a few miles south of Harlem, throwing them 20 feet below into the pond. They sustained very painful injuries on account of some heavy timbers in the pond at this place.

Mr. Jackson's fall was broken on the way by some planks and he was not seriously hurt, while Mr. Anderson landed with full force on his chest on the timbers which knocked him unconscious. While the timbers sustained him on the surface of the water, his head and face was submerged and he would have drowned but for Mr. Jackson being able to lend him assistance.

Three autos full of men, with Dr. F. H. Phillips among them, rushed to the scene of the wreck and gave such assistance as was needed. Both parties were taken to Augusta for further medical attention.

Studebaker SIX $1575

Completely Equipped, Including Electric Lights and Starter

The preponderance of Studebaker sales in the field of "Sixes" is perfectly logical.

The public may be trusted to find the greatest value for its dollars.

It's simply a matter of comparison, and a majority of buyers evidently know what constitutes real value in axles, bearings, power and capacity, as well as what is best in lighting and starting systems, and other mechanical details.

To superiority in these essentials, based both on quality and price, Studebaker—through its Detroit Branch—adds a service to its owners that is without an equal in this city.

and Jim Conley talking to each other some time between 10 and 11 o'clock and that they were apparently engaged in earnest conversation.

This evidence was introduced to beat out in part that portion of Conley's testimony bearing on a meeting he swore he had with Frank in the morning of the 26th at Forsyth and Nelson streets, when Frank is alleged to have instructed him to come to the pencil factory that noon to "watch" for him. Mrs. Watts' affidavit had been kept a secret by the solicitor, and created a sensation when it was sprung.

Lehon Nears Contempt.

At the very outset of the retrial proceedings Monday morning a sensation was created when Dan S. Lehon, southern superintendent of the William J. Burns force, was practically put under arrest for contempt of court. Following the strenuous examination which he underwent before Solicitor Dorsey he made a heated tirade against the solicitor's tactics.

They were cut short by Judge Hill, however, who ordered him to cease, and then instructed Bailiff Frank Plennie Miner to take charge of the Burns man. Miner escorted Lehon into an adjoining room, where he remained for some little while. Later, Judge Hill asked the court stenographer to read that part of Lehon's statement which attacked Dorsey.

Attorney Arnold at once stated that the witness had not intended to be in contempt. Judge Hill ordered the words expunged from the record, called Deputy Miner into the room and ordered that Lehon be allowed to go his way. Only two witnesses were examined—Lehon and L. P. Eubanks.

Mary Rich, the negress who was alleged by the defense to have made an affidavit in which she stated she saw Jim Conley emerge from the rear of the pencil plant at 2:15 o'clock on the tragedy date, has made an affidavit in which she denies having made the document submitted by the defense.

Refused to Sign Paper.

"Some time recently," she swears, "Mrs. Lucille Frank and Rabbi Marx and two men came to see me, and they tried to get me to make an affidavit. The affidavit was not true, and I refused to sign it. Mrs. Frank said to me: 'If you will sign this affidavit you will take the rope from around my husband's neck.' I replied that I could not tell a lie, and that to sign the paper would be telling a lie.

"One man with Mrs. Frank and Rabbi Marx took off a little piece of the paper that was in his hands. This man was C. W. Burke. He said: 'You take this paper.' I told him that I didn't want the paper, and he said: 'This will not hurt you, but you keep this paper. It is just for you, so that you will know it when you see it again.' I took it and kept it.

"I showed it to a few minutes afterward to Mr. F. J. Wellborn, a man that I have known a good long time, who was standing by me, and to people were talking to me. Afterwards I took the paper to somebody in the office of Solicitor General Hugh M. Dorsey. I have looked at the piece of paper attached to the affidavit signed by F. J. Wellborn, and it looks like to be about the size and shape of the paper which Burke handed me. I also told me that if I got into trouble I might know the cause of it."

Dorsey presented a number of affidavits dealing with an alleged conspiracy within the county jail between Anna Maud Carter and Dr. George Wrenn and Wrenn's brother, Jimmie Wrenn, to "frame up" on Jim Conley. Dr. George Wrenn is now a prisoner serving sentence for complicity in the Gilbert diamond robbery.

One angle of this evidence is an affidavit from Frank Reese, an expriest, who lives at 33 Cunningham street. He was a trusty prisoner in the Tower, worked in the prison laundry and did odd jobs required of trusties.

"I have heard Dr. Wrenn telling Conley that he had been tried, and that he (Conley) could take the Mary Phagan murder on himself and that it would free Mr. Frank," said Reese, "and that Conley could never be tried any more for it. Conley refused to consider this.

Saw Them Talking.

"Wrenn talked to Fred Parkerson—another prisoner—and Fred several times, and tried to get us to agree to go into Conley's cell and come out and claim that Conley had confessed to us. He said we would get lots of money if we did. I knew Annie Maud Carter, and I have seen her and Dr. Wrenn talking together very often.

"I saw Annie Maud Carter go to Conley's cell once, and Fred Parkerson called to her that if she went in she would be locked up. Both Fred and I knew she was crooked, and we cautioned Jim Conley about her. I saw Dr. Wrenn at one time throw a note to Annie Maud Carter from the second floor. She picked it to Conley's cell, pitching it through the bars at the wing door.

"When I got out of jail Dr. Wrenn came to my house one morning at 7 o'clock with a long, white paper, asking me to sign it. I cannot read or write, and I told him I wanted to wait to see what was in the paper. He said that it was just a paper to the effect that I had carried notes from Jim Conley to Annie Maud Carter.

"I did not know what was in it, and for that I wouldn't sign it. He said that inasmuch as I couldn't write, he'd write it for me. I told him I wouldn't authorize anybody to write for me nor sign my name to anything unless I was aware of its contents."

Fred Perkerson, the prisoner alluded to in the Reeves affidavit, has signed a statement to the effect that C. W. Burke, the private investigator attached to Luther Z. Rosser's office, and Jimmie Wrenn, Burke's assistant, and Dr. George Wrenn, the convict named in Reeves' affidavit, have often conferred with Frank in Frank's cell in the Tower.

He told a similar story of alleged conspiracy in which Wrenn figured to Reeves up at Conley. He swears that Wrenn told him and Reeves that they were going to make a lot of money, and advised them to go into Conley's cell and upon coming out, pretend that Conley had confessed Mary Phagan's murder. He declares that Wrenn asked him why he didn't himself didn't do this. Wrenn is said to have replied that he didn't care to get mixed up in the case.

Any denials from or from whom the defense, in its new trial motion, purported to have received an affidavit reanting his testimony at the trial, has no affidavit for the solicitor swearing that the defense affidavit is false and that it is a forgery.

Dorsey contended the defense's statement that the note-paper on which Conley wrote the murder notes was obtained from the basement, when he introduced a number of affidavits to the buttal. One of these was from Philip Chambers, an ex-office boy in Frank's employ, who was a witness for the defense at Frank's trial.

Nothing Seat to Basement.

Chambers testifies now that Becker, upon leaving the employ of the pencil factory, moved his desk into Mr. Frank's office, and that it was thereafter used by Frank. He swears that there was a lot of paper never stayed down in the basement, and that all orders were issued by Becker's department were used by Frank.

C. M. Gantt makes an affidavit in this phase of the matter. On April 24, Ragsdale testified, C. C. Tedder, the Burns man, had interviewed him, the affair, and carried Ragsdale to the Burns office in the Healey building, where he was introduced to Dan S. Lehon.

Lehon, Ragsdale states, took the attitude in the office of Attorney Luther Z. Rosser, where a stenographer took his "framed" statement. The affidavit then goes on to state how $200 was procured by Ragsdale and his lawyer through the agencies of Thomas B. Felder, and how a check for $200 also figures prominently in the alleged transaction.

Helen Ferguson swore that she was enmeshed by the defense agents by Jimmie Wrenn, under the assumed name of "J. W. Howard," and that love to her, not money lavishly on her, finally proposed marriage and carried her to C. W. Burke, whom he introduced under the guise of Burke's prospective father-in-law, at which time her affidavit was obtained.

Ferguson Affidavit.

Her new affidavit for the state follows:

GEORGIA, FULTON COUNTY.—Personally appeared before me, the undersigned, Helen Ferguson, who, on oath, after being duly sworn, deposes as follows:

Since the trial last summer, in which I have testified in the case against Leo M. Frank, two attempts have been made either to get me out of the city or to get me to change my testimony—the first by money, and the second by having a young man, who was a stranger to me and of whom I had no knowledge, and C. W. Burke had offered him money to sign a false paper, and told him that whenever he wanted money they would furnish him all he needed, and always that he has borrowed in the neighborhood of $20 from Eubanks.

"On April 20 of this year," his affidavit reads, "Jimmie Wrenn took me in an automobile over the city, carrying me to dinners in cafes and to shows and theaters, and tried to get me to tell, Ga., I slept all night in the automobile. Wrenn brought me back the next day, and, when we stopped in front of the Marietta Chair Works on Marietta street, we were surrounded by a crowd of men, who pressed me with many questions bearing on my testimony."

Lent Duffey Money.

B. E. Duffey, father of Duffey, has made an affidavit that Frank confessed to us. He said we would get lots of money if we did. I knew Annie Maud Carter, and I have seen her and Dr. Wrenn talking together very often.

WORLD STANDARD FOR COTTON URGED

Conference Recommends Adoption of International Standard by Government, and Government Standard by Exchanges.

Augusta, Ga., May 4.—Adoption of the government cotton standard by all exchanges represented, and the adoption by the government of the international standard for cotton, were recommended in resolutions favorably acted upon today by the executive committee of the National Cotton conference which convened here for a two-days' session. Recommendations of the committee, consisting of one representative from each delegation attending the conference, will be presented to the organization tomorrow.

More than twenty delegations from cotton exchanges and cotton trade organization throughout the country attended the opening session of the conference today. Discussion of methods for improving cotton trade conditions occupied the time of the executive committee as the conference was only in session a short while. Deliberations of the executive committee today were in connection with the spot situation. Before adjournment tonight it was announced that the perplexing problems of the future contract system would be considered tomorrow.

International Standard.

Lengthy discussion preceded the adoption of cotton standard resolutions introduced by W. Gordon McCabe, of Charleston. They provided that "the exchanges represented in this conference adopt the government standard for cotton," and that "the National Cotton conference request the government to adopt the international standard for cotton."

Frank H. Barrett, of Augusta, favored the formulation by the government of the three sets of standards for cotton to include the growth in the Texas, Gulf and upland sections. A resolution to this effect was opposed by Edmund J. Glenny, of New Orleans, and others. Mr. Glenny read the resolution adopted at the National assembly of cotton exchanges in Washington, last October, favoring the international standard for cotton. He declared that the adoption of Mr. Barrett's resolution would exclude cotton from the action of Washington assembly and would cripple the government authorities. After other objections to the Barrett resolution had been voiced, the McCabe resolutions were adopted as substitutes.

The international standard for cotton was fixed at the international conference in Liverpool last year. Its provisions are not effective until September 1, 1914. While this standard has been accepted by several of the foreign exchanges, it has not been adopted by the United States.

Arbitration Points.

Interest of the southern members of the executive committee was centered for some time in the question of arbitration on domestic deliveries. The following resolution proposed by Frank Barrett, of Augusta, was adopted by the committee:

"We recommend that the exchanges comprising this convention urge their members to incorporate in rules and regulations governing domestic deliveries that arbitration on grade should be by the Board of Appeals either in Savannah or Augusta, and on weights by the Board of Trade in Atlanta, Memphis or Dallas, the point of arbitration to be governed by 'location.'"

Practically all of the members of the executive committee declared that the present cotton year, from September 1 to September 1, should be adopted. While it was admitted that to change the statistical year would be extraordinary confusion, R. K. Cairne, of the New York exchange, and J. J. Glenny, of the New Orleans exchange, expressed the opinion that it was almost a necessity. It was stated that in the September date was agreed upon before cotton was grown and before the first bale came to market. At present the movement of cotton in the fall is somewhat retarded in August, but according to the present statistical year it is listed with the old crop instead of the new.

Change in Cotton Year.

The following resolution in this connection was adopted:

"We recommend that statistics of the cotton crop, receipts, etc., be figured from August 1 to July 31 instead of from September 1 to 1."

Although many accredited delegates to the convention, R. L. Moore, of Fall River, was invited to appear before the executive committee and read a resolution adopted by the Fall River Cotton Exchange favoring changing landing weights, or the weighing of cotton at the mill. This question will be ascertained be so identified as to interests nearly to every mill. At Boston mill points and other New England mill points, including Canada, the same rule as that adopted by the dents.

Just before adjournment the committee took up the subject of classification contracts. John G. Lonsdale, of Little Rock, urged that the government be requested to use commercial grades as a basis for quotations in all spot markets and that such difference shall be binding.

After some discussion action on the matter was postponed until the subject of future contracts could be considered.

A committee, composed of John G. Lonsdale, of Glenny, E. K. Cairne, B. Hugee, of Memphis, E. F. Swinney and Frank Barrett, of Augusta, was appointed to confer with the government authorities in all spot markets and that such difference shall be binding.

A committee, composed of John G. Lonsdale, of Glenny, E. K. Cairne, B. Hugee, of Memphis, E. F. Swinney and Frank Barrett, of Augusta, was appointed to confer with the government authorities in all spot markets and that such difference shall be binding.

Letter From Lever.

The following letter was read from Congressman A. F. Lever, the cotton conference, which will form the basis of the bill pending in congress for the purpose of recommending one of the two pending bills for the dealing in cotton futures:

"I would greatly appreciate it if your exchanges will study carefully section 11 and 12 and send me your views, with a view of giving expression as to which of the two is more nearly meets the situation. You will observe that I have used the taxing power, and my object in doing so is to avoid the question about our constitutional authority to deal with these lines, and under this power, while there is no question but that everybody knows authorities as to our right to use the taxing power, and that it is a question for the purpose we seek to attain, and that is to put the rope around Frank's neck," settling the question once for all. I would like an opinion also as to the legal effect of a tax of 10 cents, if available on contract, and also the minimum effect of a tax of 2 cents, if that is deliverable.

"These two propositions seem to give us more division of opinion than anything else.

"I am trying earnestly to work a reform, and to secure concerted action changes which deal in 'futures,' and I hope that you can meet me before such a reform it would redound to the great benefit of the cotton trade. I am anxious to have the opinion of this bill and would appreciate, therefore, your opinion at as early a date as possible."

James Tobin, manager of the local cotton exchange, was chosen chairman of the organization. Other officers elected were W. C. Lawson, of Wood, chairman, and John Harper, of Augusta, secretary.

AMERICAN TENNIS STAR IS WINNING

London, May 4.—In the semi-finals of the British amateur court tennis championship, played at Queens club today, Joshua Crane, Jr., of Boston, beat Eustace H. Miles, an Englishman, player, 6-3, 6-3, 6-0. Mr. Crane will meet E. M. Saerich, the former champion, in the finals.

A vote for Tull C. Waters means to restore the old "ring" which has dominated the county affairs for 20 years.

If Charles I. Branan is elected tax collector today, it will go all over the state that the voters are the rulers in Fulton county and that A. P. Stewart is no longer the dictator of free men of Fulton county.

The wheels of progress must not be turned backward. Vote for OSCAR MILLS for practical, up-to-date results.

The people say the county jail and police station are separate institutions and shall not be merged into one. Vote for Mangum for sheriff and help to keep them separate.

Charles I. Branan, candidate for tax collector, is leading the fight against A. P. Stewart, who would not SALUTE the flag of Democracy and the people are going to win this for him.

A Spring Vacation—

Most stomachs need a rest after the heavy work of the usual winter diet.

What is required is easily digested food—food that furnishes plenty of nourishment, but with least tax upon the digestive organs.

Grape-Nuts

is that kind of food!

Made of prime, whole wheat and barley, it contains all the rich nutrition of these food-grains, and by long baking is partially pre-digested. It comes crisp, delicious, and ready to eat when the package is opened.

Grape-Nuts digests usually in about one hour—bread, for instance, requires about 3 1-2 hours.

Sworn to Statement.

Sworn to and subscribed before me this 7th day of April, 1913.

(Signed) L. L. HILDEBRAND,
Notary Public, Fulton County, Georgia.

The examination of Dan Lehon was the first proceeding on the program on Monday's session. Lehon was asked numberless questions regarding his operations on the Frank case, the secret of his pay and of the Ragsdale incident. It was at the close of his interrogation that he came near suffering punishment for contempt of court.

Here is how the stenographer recorded his final words verbatim:

"Can I make a statement, Judge, in reference to this case?"

"Yes, you may make an explanation if you desire," answered Judge Hill.

"I am an American citizen," retorted Lehon, "and I have been in the police business for twenty years. These questions asked here are the most outrageous questions I have ever been asked—"

He was cut short by the Judge, who said:

"You cannot state that. It is not admissible."

"This is the most outrageous treatment," continued the witness, "from the district attorney—"

Again he was stopped. Judge, Hill saying:

"You cannot state that, Mr. Witness. I will have to send you to jail if you persist."

"I don't mean any discourtesy to the court—any disrespect to the court," said Lehon.

Lehon, in naming the source from which he obtained money, frequently mentioned the name of Herbert J. Haas, an attorney for the defense. He said that Boots Rogers was employed by the Burns agency, and that Carlton C. Tedder was also attached to the Burns forces.

He told of having paid C. C. Tedder $250 on his salary a short time previous to the Ragsdale affidavit. He said the money had been obtained from Haas, from whom he procured most of his fees. He stated that the fees and money turned over to him by Haas were in check form, and that the checks were turned over to C. B. Sears, superintendent of the Burns agency.

The retrial hearing was adjourned by Judge Hill Monday afternoon at 4 o'clock. It will be resumed this morning at 10 o'clock.

ATLANTA'S STRIDES FROM DAY TO DAY

The light posts for the extension of the White Way down Mitchell and Pryor streets, between the passenger stations, are now in place and the cables laid. This will be a great improvement for these central thoroughfares.

City Electrician Turner states that by July will be completed and the lights will be burning by the time the Shriners arrive next week.

Committee Committee Named.

Harris G. White, president of the Atlanta Real Estate board, has appointed two committees whose duties it will be to lay plans for capturing the 1916 convention of the National Association of Real Estate Exchanges for Atlanta when that organization holds its 1914 convention in Pittsburg early in July.

One of these committees, composed of Edgar Morris, Frank Adair and Eugene S. Kelley, is to select attractive souvenirs for the Atlanta delegation to take to Pittsburg as boosting material.

The other committee, composed of Albert S. Adams, John J. Woodside and S. B. Turman, will work up a large delegation of Atlanta real estate men to attend the convention and will also try to interest the Atlanta Chamber of Commerce and the Georgia Chamber of Commerce in sending delegations.

It is believed that Atlanta's chances of landing the convention in 1916 are good. Albert S. Adams, at the last meeting of the board, declared that he felt assured of the support of Pittsburg in the matter.

Week's Prospects.

Monday coming right on the close of the strenuous activities of opera week showed no really deals of great moment, but from indications the real estate men mean to get in some good work between now and Shriner week.

There are two or three big real estate sales and as many exchanges of property now in the closing stages which the dealers hope to close this week.

CRUISER WASHINGTON ORDERED TO DOMINGO

Washington, May 4.—The armored cruiser Washington, now at Santa Cruz, was intercepted today at Key West and ordered to the northern coast of the Dominican republic, where there is a panic among foreign residents in consequence of the recent Bordas' bombarnment of the insurgent city, Puerto Plata.

The fighting has been going on intermittently for more than a week and the situation is causing grave concern among officials.

Commander Graham, of the gunboat Petrel, off Puerto Plata, has been waiting to have the combatants agree to a neutral zone. It was reported today that if the demand were not agreed to it probably would be enforced by the American naval commander.

RATES BASED ON VALUE ARE DECLARED VALID

Washington, May 4.—Passing on the death rate of 1 per 1,000 in the city of St. Louis, Ill., to Raleigh, N. C., the supreme court held again today that rates based on value are valid. In this case the bill of lading fixed the rate on a valuation of $100 on the whole. The supreme court of North Carolina held the Seaboard Air Line was responsible for a loss of the company for the full value of the dead mule. 1,000. The court reversed the state court, holding that the value in the bill of lading must be used in fixing the damage.

Mahoney for Matteawan.

New York, May 4.—Michael C. Mahoney, who on April 17 shot at Mayor Mitchel and wounded Corporation Counsel Frank L. Polk, was ordered committed to Matteawan asylum for the criminal insane. A commission in lunacy regarding Mahoney's mental condition reported to Judge Mulqueen that the man was insane at the time he fired the shot.

Canon Spragg Dead.

Newport News, Va., May 4.—Rev. Albert Warburton Spragg, canon of the cathedral in Cobourg, Ontario, died in his room in the Sherwood Inn, Old Point, last night after a short illness. He was stricken Sunday morning. Mr. Spragg was 63 years old and had been the canon of the Cobung cathedral for twenty-five years. Recently the health failed and about three weeks ago he came to Old Point to rest. The body will be sent to Toronto for burial tomorrow.

COTTON ADVANCES ON RAIN REPORTS

Closed Steady With June Unchanged, But Other Positions Four to Ten Points Higher.

New York, May 4.—The cotton market was firmer today on reports that a renewal of heavy rain in the southwest over Sunday had necessitated further replanting and caused another delay in the new crop start. The trading was not particularly active, but offerings were comparatively light and the close was steady with prices net unchanged to 10 points higher, general four to ten points higher.

The market opened steady at an advance of 1 to 6 points in response to the higher cables. There were quite a good many over Sunday selling orders and the market had been evidently been inspired by the declining tendency of the market on Saturday. Many of Saturday's sellers, however, were disappointed by the clearing of the weather, which had been expected to indicate generally favorable conditions for the crop week end, and the early offerings were readily absorbed and a few fair sized orders circulating and caused some scattering liquidation and a minor reaction ruled relatively easy during the early forenoon hours, was plainly encouraging on the advance in the latter months to cause some irregularity. Generally speaking, however, the undertone was very steady and May continued to trade with the new crop months selling about 7 to 13 points above the close of Saturday. Subsequently the market was quiet. Slight reactions followed in the late months and the market closed steady 3 or 4 points off from the best. The buying was quite active on the advance, somewhat early, but was recovered later in the day, rumors having had weaken up first May notices to the extent of 5,000 bales, was plainly an exaggerated considerable more cotton before the end of the month.

New Orleans Cotton.

New Orleans, May 4.—The result of trading in the contract market today was an advance over Saturday's prices of 6 to 8 points on August and the new crop months, and 2 to 5 points on May, June and July.

The leading influence again was the weather. All through the day showers of favorable conditions in the central and eastern portions of the cotton belt, Texas, Arkansas, Oklahoma, continued to send in reports of heavy rains and did considerable damage, more or less extending during the day to Louisiana and Mississippi. Conditions today, however, was apparently the work of early traders satisfied to take moderate profits. The late weather map showed a clearing and today's dealing in that month had the effect of making it more into like other positions.

Jay, Bond & Co.

New York, May 4.—(Special.)—Reports of heavy rain in Texas over the week end were responsible for a small advance in prices today. In addition to the complaints from the western part of the belt, Georgia and Alabama also complained today of unfavorable conditions, due to the need of moisture. However, buying did not increase materially and the steadiness was due more to a smaller selling power than any particular demand. The Liverpool cables and trade reports must continue bad if prices are to advance to any extent.

John F. Black & Co.

New York, May 4.—(Special.)—Weather reports, especially from the west, are not encouraging. There is much rain, and the sun is not catching up any from a late start. Unless there is a decided improvement in conditions during the next three weeks, the first government report will not be bearish. New crops closed ten up today, while May and July closed four up. The public is rapidly getting out of the near positions. A covering is due to come unchanged to 1½ down.

The coffee bulls took advantage of a dull market today to run prices up about ten points. There is no change in conditions and on any further advance there would be free offerings. The movement continues heavy and spot demand slow.

Cotton Seed Oil.

New York, May 4.—Cotton seed oil was generally higher and closed steady. Many refiners and of late positions by commission houses. Lack of outside trade was reflected in the small volume of business, sales amounting to only 4,700 barrels. Final prices were 1 lower on October and 1 to 2 points net higher on the latest.

Hubbard Bros. & Co.

New York, May 4.—(Special.)—Further heavy rains fell over Sunday in the southwest and the delay to the planting season in the foreign markets this morning and to some extent in the domestic. The next few months, as July remained under pressure today, will be interesting to the trade. We have now reached a time when the question of acreage will become a very important moment, for it is evident that if we are to have a crop of 15,000,000 bales or more in itself will stimulate the imagination of the trade and to some extent check the buying power. Any sharp recession in prices later in the season, on account of the favorable weather, would undoubtedly be an event might also reawaken speculation at present time. Generally speaking, signs of slackening business and the growing disinclination to make fresh purchases or enter into fresh enterprises because of present uncertainties. On the other hand we have already a scattered long interest in the fall months, based on the anticipation of a poor May, wherein the situation is exactly the reverse of that generally thought to exist. In the event of clear, warm weather with a continuance of survival of either imagination or scepticism, the holders of these contracts would be disposed to liquidating. In our mind therefore the immediate future of the market depends peculiarly upon the weather.

WHEAT INFLUENCED BY BUYING ABROAD

Phenomenal Harvest Promise Here Was Offset by Fairly Bullish Conditions Throughout Rest of World.

Chicago, May 4.—Foreign buying here had an important bullish influence today on wheat. In the end the market was easy, but ⅝@⅞c to ⅞@⅞c net higher. Corn closed ¾c to ⅞@⅞c up; oats off a shade to ¼c, and provisions with a gain of 2½@7½c.

What trade it virtually was conceded on both sides that the situation was in favor of enormous crops. The promise in this country for 1914 is fairly up to ideal conditions throughout the rest of the world. Considerable significance, therefore, was attached to the fact that purchasing orders came in today, especially in September option, attained large proportions. Selling by the bulls happens were light, the supply afloat was the smallest since 1902. Hungary and France reported serious crop damage, and there was a decided falling off in the domestic visible stock.

May wheat bulged so suddenly at the start as to cause a short scramble. The upturn, however, attracted much hard selling of long wheat from the west, purchases to arrive being 450,000 bushels. Nevertheless, the buying was heavy. May delivery was also partially relieved by large sales of 450,000 bushels of contract wheat to go to store.

Delay in Argentine corn shipments, a condition due to heavy rains starting afresh, and to the corn market itself strong. Argentine damage estimates were raised by 100,000 bushels. It was also pointed out by the bulls that the former big stock of new corn was now cut in half, and were now down to normal. Though there was frequent upturns in prices, though, disappeared as a result of profit-taking in the last hour. Oats ran with the corn firm with the other grain, but the good outlook for the growing crop caused considerable trade offset to some extent the effect of grain strength and of the lighter run of hogs west.

A SNOW BALL HAS AS MUCH SHOW—
IN A FIREY FURNACE as a poor man has who tries to buy a home on the north side. I mean every word I say. A man who hasn't over $200 or $300 in CASH, whose salary is from $100 to $125 per month, is acting foolish well, he is using BAD JUDGMENT, to say the least of it, if he is trying to buy a $5,000, $4,000 or $3,000 home. But you need not take my advice unless you want to; it makes no difference with me. Out on 140 homes I have sold at Lakewood Heights for the last few years there were only TWO who fell down with their payments. Sold one this week. I have two more bungalows under way on large lots, just off the car line, and they are not BARNS, but BUNGALOWS; go out and take a look at them; get off car at Adair avenue; it will cost you nothing. It might be just what you have been looking for. I don't have to beg anybody to buy my property, because there is no use. You will too fast for that. If you are in earnest and are determined to buy a home that you CAN PAY for, I will be glad to hear from you. Prices $2,100 and $2,200 (the same kind you pay $4,000 for on the north side). Sixteen dollars per month up. Enough said! P. S. Hopkins, 316 Empire Bldg. Ivy 5111.

TRUCK FARM ON CAR LINE
WE HAVE A COUPLE of small farms—six-room bungalow on one—within the 5-cent fare limit, that can be bought at a sacrifice owing to owner going to Cuba. Lies between two railroads and electric car line, within thirty minutes of Five Points. Will sell on dead-easy terms or trade for Atlanta income property. Now get busy!

A. P. Stewart does exactly what a hundred other tax collectors in Georgia do. Under the law he is allowed to carry over your taxes. It does not cost him a penny. Charles I. Branan will do likewise if he be elected tax collector, and he will post a sign, asking the taxpayers not to thank him, but thank the lawmakers.

10,067 VOTES NEEDED TO SECURE HOSPITAL

county election boxes. In every ward, however, precautions have been taken to get the two boxes as close together as possible.

The general committee feels that the bonds have only one serious enemy—public indifference. This does not mean that the public is indifferent to the greater Grady bonds in particular, but that it is easy to be indifferent to all bonds in general. It is harder for bonds to pass in Atlanta than in most cities. For this very reason, the voters should take particular interest in all bond issues which come up—and in voting on them, either in one way or another. Indifference—that is, failure to vote at all—this is the chief crime of the hurried citizen.

Come With Indorsement.

The Grady bonds do not come to the voters without introduction. First, they have the virtual indorsement of the city council. They have that of Mayor Woodward, who has campaigned actively for them, and taken constant interest in the work of the general committee. They have the indorsement of every prominent organization in the city. Business and labor vote both for them. The ministers are for them. The commercial organizations are for them. The Fulton County Medical society is for them. No public improvement ever went to the voters with more apparent approval of so many different factions.

It is for reasons such as this that the general committee is convinced that nothing can prevent the bonds except the simple failure of those who believe in them to vote for them.

Yet nothing of this kind is anticipated. All the indications are that there will be an unusually heavy vote. The bond workers simply lay stress upon it because it is the only apparent enemy the greater Grady possesses. The general attitude of confidence in the decence in the citizens of Atlanta, and confidence that the bonds will pass by a good majority.

Wier's Friends Rally.

Friends of William S. Wier, candidate from the county-at-large for commissioner, held a large and enthusiastic mass meeting in his interest in front of the city hall last night at 8 o'clock.

Mr. Wier made a speech from the city hall steps, outlining the platform upon which he is conducting the campaign. There were about three hundred people out to hear him. Music was furnished by Hegman's band.

Mangum Confident.

"I feel absolutely sure of my re-election Tuesday," said Sheriff Mangum. "It only remains for my friends to go to the polls and vote. I am confident of receiving more votes than both my opponents combined, and my deputies have studiously refrained from saying anything that would wound the feelings or hurt the standing of anyone opposing me. We shall not engage in any mud-slinging contests. The little jabs made at us are more amusing than damaging. As regard to sanitary conditions at the jail, I assert that the jail is far more sanitary and much cleaner than either of the buildings now being used as courthouses. A casual inspection by any citizen will simply verify this statement.

"There are two hundred prisoners now in jail, and not a single case of sickness among them, which seems to be evidence that the scraps of paper, some cold bread, empty cans or bottles are not so much feared after all. Even these things are the exception, instead of the rule, as the jail is thoroughly inspected and cleaned every day."

WILSON SELECTS BANKING BOARD

Continued From Page One.

president in making his choice. He selected men from the financial centers of New York, the middle west, south and Pacific coast, they said, so as to conform with the provisions of the new law, which specify that no two members of the board shall come from the same regional reserve district.

No Politics in Choice.

The president, according to those who were in his confidence when he made his selections, was guided by no political considerations, seeking to get the best bankers and business men available. White house officials did not know the politics of the men mentioned except that Messrs. Olney and Harding were democrats and they believed Mr. Warburg was a republican. Mr. Wheeler is a republican and close friend of former President Taft.

Mr. Olney was particularly desired for the position as governor of the board because of his legal training and his familiarity with the business world. He is 78 years old and was attorney general of the United States from 1893 to 1895, and then secretary of state until 1897.

Mr. Wheeler is 49 years old. He has been a banker and trust company man all his life. He has been general secretary of the Chicago Association of Commerce. Was appointed by President Taft in 1911 a member of the commission on bond-class mail matter and has been president of the Credit Clearing house of Chicago.

Harding May Not Accept.

Mr. Harding is 50 years old and is looked upon as one of the leading bankers of the south. He is a man of large income and some of his friends here doubted whether he would sever connection with his bank, the First National of Birmingham, which is necessary under the law, in order to accept the $15,000 post.

Paul Moritz Warburg is 46 years old, was born at Hamburg, Germany, and after graduating from the university there received a business training with a Hamburg commission firm. In 1888 he entered his father's banking firm, M. M. Warburg & Co., founded in 1798 by his great-grandfather, to study the rudiments of banking. He studied English banking methods in a prominent London discount house and a brokers' firm there. French banking with a Paris banking house, and in 1901 became member of the municipal council of Hamburg. He took a large part in the creation of the League of Hamburg Merchants and Bankers. He moved to New York in 1902 to become a partner in the firm of Kuhn, Loeb & Co.

In 1912 he received the Order of the Crown, second class, from the German emperor. He has been active in various philanthropic and educational enterprises and has written extensively on financial subjects.

OFFICERS KEPT BUSY PROTECTING WIVES

In Four Cases Husbands Are Charged With Abusing "Better Halves."

From ten minutes to 10 o'clock until 79 last night there were four calls at police station for officers to rush out to protect wives who were being beaten by their husbands.

The first call came from Mrs. Walter W. Milam, of No. 80 Walton street. Her husband, who is a telegraph operator, is charged was drunk and disorderly and was beating her, she claimed, without cause. Plain Clothes Officers Shaw and Long rushed to the aid of the mistreated wife, and found Milam raising a disturbance, having attracted over a hundred neighbors. He was arrested and taken to police station.

Almost before the telephone at police station had ceased ringing, another call came in for help from Mrs. J. B. Stadham, of 336 Cooper street. Her husband had run her out from home, it is said, and had driven one or two boarders from her house. Stadham was arrested by Call Officers Evans and Palmer.

At 1423 Peachtree street, the husband of the negro cook had come in to the kitchen and, it is stated, slapped his wife. Hearing the "white folks" call the police over telephone, he wisely left the neighborhood, avoiding arrest.

A call came in from the Grady hospital about this time. The nurses and internes were full of excitement over the alleged threats of a negro helper, Howard Pitts, to "make sausage" of his wife. Detective Garner went to the hospital and arrested the colored wife-beater, who quickly repented and was released on a small bond, after Dr. Summerall, head of the hospital, telephoned police station requesting the negro's release, as he was needed around the hospital.

WELTNER PLEASED WITH REFORM WORK IN CONVICT CAMPS

The pastors of the churches in the city agreed at the meeting held in Wesley yesterday morning to preach special sermons on Sunday morning, May 17, on the world's peace movement. This action was taken upon a request made by Mr. and Mrs. R. Jay Weltner in behalf of the Woman's Federation of Clubs. At the meeting a report was made by Philip Weltner on the reform work done in behalf of the convict camps in Fulton county. The report was very favorable. Mr. Weltner stated that the reform movement had met with approval by the public and officials, and already good had been accomplished.

Several ministers present expressed themselves as highly pleased at what had been done to better the condition of convicts in the county.

Two Players Suspended.

New York, May 4.—Secretary John Heydler, of the National league, announced the suspension of two baseball players for arguing with umpires. Manager Herzog, of the Cincinnati club, has been set down for three days upon complaint of Umpire Quigley as the result of a dispute in the game at Pittsburg on Saturday. Meyer, of Brooklyn, also has drawn a similar suspension for his remarks to Umpire Rigler on Friday.

OSCAR MILLS believes in modern equipment in the Public Works Department, which means MORE WORK ACCOMPLISHED with less of a burden on men and mules.

Mr. Voter, the election of Charles I. Branan tax collector will be a victory for you, for A. P. Stewart figuratively speaking, threw 7,000 ballots in the trash pile, and said by going into the courts that he was the "Boss" and not the people.

The people say the county jail and police station are separate institutions and shall not be merged into one. Vote for Mangum for sheriff and help to keep them separate.
